DOs AND DON'Ts FOR PHYSICIANS

Practice Suggestions:

1. Use as much care in writing prescriptions as you would use in writing personal checks. Specify amounts and do not leave spaces for x's or o's to be added to raise the amount.

2. Do not leave your personal prescription pads in positions accessible to the public.

3. Do not leave signed, blank prescription pads in your office.

4. Write prescriptions for controlled substances or mind-altering chemicals with ink or indelible pencil (or type) and manually sign the prescription at the time of issuance.

5. Do not write prescriptions for large quantities of Schedule 2 or 2N controlled substances.

6. Do not prescribe controlled substances without seeing the patient.

7. When you receive a call from a pharmacist requesting information about prescriptions you have written, respond courteously as, by law, a pharmacist is responsible for any forged prescription he fills.

8. Write a prescription for only one substance on each blank.

9. Do not issue a prescription for controlled substances or mind-altering chemicals for a patient in the absence of a documented physician-patient relationship.

10. Do not issue a prescription for controlled substances or mind-altering chemicals for yourself.

11. Do not prescribe for members of your family. Treating one's family is not illegal, but the Board wishes to remind you that such prescribing practices may lead to problems. Written records of all prescriptions for controlled substances and the medical indications for them should be maintained, but in many instances such recording is neglected. Also, any prescriptions issued should be within the scope of your normal medical practice. The Board urges you to delegate the medical care for yourself and members of your family to one or more of your colleagues in order to preclude involvement with governmental regulatory agencies who monitor physicians' prescribing practices.

12. Do not prescribe amphetamines or central nervous system stimulants for weight control. In 1972, the N.C. Medical Society adopted a resolution which is supported by the Board of Medical Examiners that "... the members of the N.C. Medical Society use no amphetamines or methamphetamines for appetite control and that the use of these drugs be restricted to the treatment of narcolepsy, hyperkinetic children and other disorders which in the opinion of the patient's physician will be beneficial."

13. Do not carry large stocks of controlled substances in your bag. Addicts look for these in physicians' offices and cars.

14. If DEA numbers are printed on prescriptions, they should be incomplete and compieted only when the physician validates and signs the prescriptions.

LAWS OR REGULATIONS:

1. Sign prescriptions legibly in ink, never in pencil. The body of the prescription must be written legibly in ink or typewritten.

2. Prescriptions must contain the following information: full name and DEA # of prescribing physician; name, address and telephone number of prescribing physician's practice; indication of either "product selection permitted" or "dispense as written"; and full name and address of patient.

3. Only in emergency situations should you request pharmacists to fill prescriptions for Schedule 2 or 2N prescriptions over the telephone.

4. Prescribe controlled substances to drug dependent persons only under provisions regulated by law.

5. Dispense controlled substances, including samples, only when dispensing records are maintained for two or more years and containers with safety closure caps are properly labelled according to law. Physicians shall maintain a readily retrievable record of all controlled substances dispensed (or administered) whether or not the practitioner charges the patient for the controlled substance, including samples.

6. Do not write prescriptions for controlled substances for office use. The law requires that you purchase Schedule 2 and 2N controlled substances for your office on official order forms obtained from DEA. Schedule 3-5 drugs must be obtained through a wholesale distributor by means of a requisition.

7. Maintain security for any controlled substances including samples.

8. Take a biennial inventory of all controlled substances including samples.

9. Before disposing of used syringes or needles, render them inoperative.

10. The destruction of an outdated or unwanted controlled substance by a physician or his authorized agent shall be witnessed by a federal or state official who is authorized to enforce the Federal or State Controlled Substances Act.

LAWS OF NORTH CAROLINA RELATING TO THE PRACTICE OF MEDICINE (Including Amendments of 1987)

§ **90-1. North Carolina Medical Society Incorporated.** — The association of regularly graduated physicians, calling themselves the state Medical Society, is hereby declared to be a body politic and corporate, to be known and distinguished by the name of The Medical Society of the State of North Carolina. The name of the society is now the North Carolina Medical Society.

§ **90-2. Board of Medical Examiners.** —

(a) In order to properly regulate the practice of medicine and surgery, there is established a Board of Medical Examiners of the State of North Carolina. The Board shall consist of eight members. Seven of the members shall be duly licensed physicians elected and nominated to the Governor by the North Carolina Medical Society. The other member shall be a person chosen by the Governor to represent the public at large. The public member shall not be a health care provider nor the spouse of a health care provider. For purposes of board membership, "health care provider" means any licensed health care professional and any agent or employee of any health care institution, health care insurer, health care professional school, or a member of any allied health profession. For purposes of this section, a person enrolled in a program to prepare him to be a licensed health care professional or an allied health professional shall be deemed a health care provider. For purposes of this section, any person with significant financial interest in a health service or profession is not a public member.

(b) No member appointed to the Board on or after November 1, 1981, shall serve more than two complete consecutive three-year terms, except that each member shall serve until his successor is chosen and qualifies.

(c) In order to establish regularly overlapping terms, the terms of office of the members currently serving on the Board shall expire as follows: two on October 31, 1982; two on October 31, 1984; three on October 31, 1986. Terms of Board members shall expire in direct relation to their date of appointment by the society; the terms of the two members first appointed shall expire in 1982, and the terms of the three members last appointed shall expire in 1986. No initial physician member of the Board may serve another term until at least three years from the date of expiration of his current term. The Governor shall appoint the public member not later than October 31, 1981.

(d) Any initial or regular member of the Board may be removed from office by the Governor for good cause shown. Any vacancy in the initial or regular physician membership of the Board shall be filled for the period of the unexpired term by the Governor from a list of physicians submitted by the North Carolina Medical Society Executive Council. Any vacancy in the public membership of the Board shall be filled by the Governor for the unexpired term.

§ **90-3. Medical Society nominates Board.** — The Governor shall appoint as physician members of the Board physicians elected and nominated by the North Carolina Medical Society.

§ **90-4. Board elects officers; quorum.** — The Board of Medical Examiners is authorized to elect all officers and adopt all bylaws as may be necessary. A majority of the membership of the Board shall constitute a quorum for the transaction of business.

§ **90-5. Meetings of Board.** — The Board of Medical Examiners shall assemble once in every year in the City of Raleigh, and shall remain in session from day to day until all applicants who may present themselves for examination within the first two days of this meeting have been examined and disposed of; other meetings in each year may be held at some suitable point in the State if deemed advisable.

§ **90-6. Regulations governing applicants for license, examination, etc.; appointment of subcommittee.** — The Board of Medical Examiners is empowered to prescribe such regulations as it may deem proper, governing applicants for license, admission to examinations, the conduct of applicants during examinations, and the conduct of examinations proper.

The Board of Medical Examiners shall appoint and maintain a subcommittee to work jointly with a subcommittee of the Board of Nursing to develop rules and regulations to govern the performance of medical acts by registered nurses, including the determination of reasonable fees to accompany an application for approval not to exceed one hundred dollars ($100.00) and for renewal of such approval not to exceed fifty dollars ($50.00). The fee for reactivation of an inactive incomplete application shall be five dollars ($5.00). Rules and regulations developed by this subcommittee from time to time shall govern the performance of medical acts by registered nurses and shall become effective when adopted by both the Board of Medical Examiners and the Board of Nursing. The Board of Medical Examiners shall have responsibility for securing compliance with these regulations.

§ **90-7. Bond of secretary.** — The secretary of the Board of Medical Examiners shall give bond with good surety, to the president of the Board, for the safekeeping and proper payment of all moneys that may come into his hands.

§ **90.8 Officers may administer oaths, and subpeona witnesses, records and other materials.** — The president and secretary of the Board may administer oaths to all persons appearing before it as the board may deem necessary to perform its duties, and to summon and to issue subpoenas for the appearance of any witnesses deemed necessary to testify concerning any matter to be heard before or inquired into by the Board, and to order that any documents or other material concerning any matter to be heard before or inquired into by the Board shall be produced before the Board or made available for inspection. Upon written request, the Board shall revoke a subpoena if, upon a hearing, it finds that the evidence the production of which is required does not relate to a matter in issue, or if the subpoena does not describe with sufficient particularity the evidence the production of which is required, or if for any other reason in law the subpoena is invalid.

§ **90-9. Examination for license; scope; conditions and prerequisites.** — It shall be the duty of the Board of Medical Examiners to examine for license to practice medicine or surgery, or any of the branches thereof, every applicant who complies with the following provisions: He shall, before he is admitted to examination, satisfy the Board that he has an academic education equal to the entrance requirements of the University of North Carolina, or furnish a certificate from the superintendent of public instruction of the county that he has passed an examination upon his literary attainments to meet the requirements of entrance in the regular course of the State University. He shall exhibit a diploma or furnish satisfactory proof of graduation from a medical college or an osteopathic college approved by the American Osteopathic Association at the time of his graduation, which time of graduation shall have been on January 1, 1960, or subsequent thereto and which medical and osteopathic schools shall require an attendance of not less than four years or for a lesser period of time approved by the Board, and supply such facilities for clinical and scientific instruction as shall meet the approval of the Board. An applicant shall have graduated from a medical college approved by the Liaison Commission on Medical Education or osteopathic college that has been approved by the American Osteopathic Association; or, if he was graduated from any other medical or osteopathic college, the applicant shall be enrolled in a graduate medical education and training program in North

Carolina which has been approved by the Board. An applicant who has graduated from a medical college not approved by the Liaison Commission on Medical Education or osteopathic college that has not been approved by the American Osteopathic Association and who has not enrolled in a graduate medical education and training program in North Carolina which has been approved by the Board shall satisfy the Board that he has successfully completed three years of graduate medical education in a training program approved by the Board. No applicant from a medical or osteopathic college which has been disapproved by the Board shall be eligible to take the examination.

The examination shall cover the branches of medical science and subjects which the Board deems necessary to determine competence to practice medicine. The Board may divide the examination into parts or components.

If the applicant successfully passes the examination, as determined by the Board, and if the applicant satisfies the Board that he is of good moral character and that either, (1) if the applicant is a graduate of a medical college approved by the Liaison Commission on Medical Education or osteopathic college approved by the American Osteopathic Association, he has successfully completed one year of training in a medical education program approved by the Board after graduation from medical school; or (2) if the applicant is a graduate of a medical college that has not been approved by the Liaison Commission on Medical Education or osteopathic college that has not been approved by the American Osteopathic Association, he has successfully completed three years of training in a medical education program approved by the Board after graduation from medical school, then the Board shall grant the applicant a license authorizing him to practice medicine in any of its branches.

Applicants shall be examined by number only; names and other identifying information shall not appear on examination papers.

§ **90-10. Provision in lieu of examination.** — In lieu of the above examination, the Board may grant a license to an applicant who is found to have passed the examination given by the National Board of Medical Examiners, or who has passed such other examination which the Board deems to be equivalent to the examination given by the Board, provided the applicant meets the other qualifications set forth in this Article.

§ **90-11. Qualifications of applicant for license.** — Every applicant for a license to practice medicine or for approval to perform medical acts in the State shall satisfy the Board of Medical Examiners that such applicant is of good moral character and meets the other qualifications for the issuance of such a license or for such approval before any such license or approval is granted by the Board to such applicant.

§ **90-12. Limited license.** — The Board may, whenever in its opinion the conditions of the locality where the applicant resides are such as to render it advisable, make such modifications of the requirements of G.S. 90-9, 90-10, and 90-11 as in its judgment the interests of the people living in that locality may demand, and may issue to such applicant a special license, to be entitled a "Limited License," authorizing the holder thereof to practice medicine and surgery within the limits only of the districts specifically described therein. The holder of the limited license practicing medicine or surgery beyond the boundaries of the districts as laid down in said license shall be guilty of a misdemeanor, and upon conviction shall be fined not less than twenty-five dollars ($25.00) nor more than fifty dollars ($50.00) for each and every offense; and the Board is empowered to revoke such limited license, in its discretion, after due notice.

§ **90-13. When license without examination allowed.** — The Board of Medical Examiners shall in their discretion issue a license to any applicant to practice medicine and surgery in this State without examination if said applicant exhibits a diploma or satisfactory proof of graduation from a medical or osteopathic college, approved as provided in G.S. 90-9 and requiring an attendance of not less than four years or for such lesser period of time approved by the Board, and a license issued to him to practice medicine and surgery by the

Board of Medical Examiners of another state, and has successfully completed one year of training after his graduation from medical college in a medical education and training program approved by the Board, in which program the Board may permit him to practice medicine. An applicant for licensing under this section who was graduated from a medical college not approved by the Liaison Commission on Medical Education or osteopathic college that has not been approved by the American Osteopathic Association shall have successfully completed three years of training in a medical education and training program approved by the Board after graduation. The Board may grant a license under this section for any period of time and with any conditions it deems appropriate. No license may be granted to any applicant who was graduated from a medical or osteopathic college which has been disapproved by the Board.

§ 90-14. Revocation, suspension, annulment or denial of license. —

(a) The Board shall have the power to deny, annul, suspend, or revoke a license, or other authority to practice medicine in this State, issued by the Board to any person who has been found by the Board to have committed any of the following acts or conduct, or for any of the following reasons:

(1) Immoral or dishonorable conduct;

(2) Producing or attempting to produce an abortion contrary to law;

(3) Made false statements or representations to the Board, or who has willfully concealed from the Board material information in connection with his application for a license;

(4) Repealed by Session Laws 1977, c. 838, s. 3.

(5) Being unable to practice medicine with reasonable skill and safety to patients by reason of illness, drunkeness, excessive use of alcohol, drugs, chemicals, or any other type of material or by reason of any physical or mental abnormality. The Board is empowered and authorized to require a physician licensed by it to submit to a mental or physical examination by physicians designated by the Board before or after charges may be presented against him, and the results of examination shall be admissible in evidence in a hearing before the Board;

(6) Unprofessional conduct, including, but not limited to, any departure from, or the failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the medical profession, irrespective of whether or not a patient is injured thereby, or the committing of any act contrary to honesty, justice, or good morals, whether the same is committed in the course of his practice or otherwise, and whether committed within or without North Carolina;

(7) Conviction in any court of a crime involving moral turpitude, or the violation of a law involving the practice of medicine, or a conviction of a felony; provided that a felony conviction shall be treated as provided in subsection (c) of this section;

(8) By false representations has obtained or attempted to obtain practice, money or anything of value;

(9) Has advertised or publicly professed to treat human ailments under a system of school of treatment or practice other than that for which he has been educated;

(10) Adjudication of mental incompetency, which shall automatically suspend a license unless the Board orders otherwise;

(11) Lack of professional competence to practice medicine with a reasonable degree of skill and safety for patients. In this connection the Board may consider repeated acts of a physician indicating his failure to properly treat a patient and may require such physician to submit to inquiries or examinations, written or oral, by members of the Board or by other physicians licensed to practice medicine in this State, as the Board deems necessary to determine the professional qualifications of such licensee;

(12) Promotion of the sale of drugs, devices, appliances or goods for a patient, or providing services to a patient, in such a manner as to exploit the patient for financial gain of the physician; and upon a finding of the exploi-

tation for financial gain, the Board may order restitution be made to the payer of the bill, whether the patient or the insurer, by the physician; provided that a determination of the amount of restitution shall be based on credible testimony in the record;

(13) Suspension or revocation of a license to practice medicine in any other state, or territory of the United States, or other country.

(14) The failure to respond, within a reasonable period of time and in a reasonable manner as determined by the Board, to inquiries from the Board concerning any matter affecting the license to practice medicine.

For any of the foregoing reasons, the Board may deny the issuance of a license to an applicant or revoke a license issued to him, may suspend such a license for a period of time, and may impose conditions upon the continued practice after such period of suspension as the Board may deem advisable, may limit the accused physician's practice of medicine with respect to the extent, nature or location of his practice as the Board deems advisable. The Board may, in its discretion and upon such terms and conditions and for such period of time as it may prescribe, restore a license so revoked or rescinded.

(b) The Board shall refer to the State Medical Society Physician Health and Effectiveness Committee all physicians whose health and effectiveness have been significantly impaired by alcohol, drug addiction or mental illness.

(c) A felony conviction shall result in the automatic revocation of a license issued by the Board, unless the Board orders otherwise or receives a request for a hearing from the person within 60 days of receiving notice from the Board, after the conviction, of the provisions of this subsection. If the Board receives a timely request for a hearing in such a case, the provisions of G.S. 90-14.2 shall be followed.

(d) The Board and its members and staff may release confidential or nonpublic information to any health care licensure board in this State or another state about the issuance, denial, annulment, suspension, or revocation of a license, or the voluntary surrender of a license by a Board-licensed physician, including the reasons for the action, or an investigative report made by the Board. The Board shall notify the physician within 60 days after the information is transmitted. A summary of the information that is being transmitted shall be furnished to the physician. If the physician requests, in writing, within 30 days after being notified that such information has been transmitted, he shall be furnished a copy of all information so transmitted. The notice or copies of the information shall not be provided if the information relates to an ongoing criminal investigation by any law-enforcement agency, or authorized Department of Human Resources personnel with enforcement or investigative responsibilities.

(e) The Board and its members and staff shall not be held liable in any civil or criminal proceeding for exercising, in good faith, the powers and duties authorized by law.

§ 90-14.1. Judicial review of Board's decision denying issuance of a license. — Whenever the Board of Medical Examiners has determined that a person who has duly made application to take an examination to be given by the Board showing his education, training and other qualifications required by said Board, or that a person who has taken and passed an examination given by the Board, has failed to satisfy the Board of his qualifications to be examined or to be issued a license, for any cause other than failure to pass an examination, the Board shall immediately notify such person of its decision, and indicate in what respect the applicant has so failed to satisfy the Board. Such applicant shall be given a formal hearing before the Board upon request of such applicant filed with or mailed by registered mail to the secretary of the Board at Raleigh, North Carolina, within 10 days after receipt of the Board's decision, stating the reasons for such request. The Board shall within 20 days of receipt of such request notify such applicant of the time and place of a public hearing, which shall be held within a reasonable time. The burden of satisfying the Board of his qualifications for licensure shall be upon the applicant. Following such hearing, the Board shall determine whether the applicant is qualified to be examined or is entitled to be licensed as the case may be. Any such decision of the Board shall be subject to judicial review upon appeal to the Superior Court of Wake County upon the filing with the Board of a written notice of appeal with exceptions taken to the decision

of the Board within 20 days after service of notice of the Board's final decision. Within 30 days after receipt of notice of appeal, the secretary of the Board shall certify to the clerk of the Superior Court of Wake County the record of the case which shall include a copy of the notice of hearing, a transcript of the testimony and evidence received at the hearing, a copy of the decision of the Board, and a copy of the notice of appeal and exceptions. Upon appeal the case shall be heard by the judge without a jury, upon the record, except that in cases of alleged omissions or errors in the record, testimony may be taken by the court. The decision of the Board shall be upheld unless the substantial rights of the applicant have been prejudiced because the decision of the Board is in violation of law or is not supported by any evidence admissible under this Article, or is arbitrary or capricious. Each party to the review proceeding may appeal to the Supreme Court as hereinafter provided in G.S. 90-14.11.

§ **90-14.2. Hearings before revocation or suspension of a license.** — Before the Board shall revoke, restrict or suspend any license granted by it, the licensee shall be given a written notice indicating the general nature of the charges, accusation, or complaint made against him, which notice may be prepared by a committee of one or more members of the Board designated by the Board, and stating that such licensee will be given an opportunity to be heard concerning such charges or complaint at a time and place stated in such notice, or at a time and place to be thereafter designated by the Board, and the Board shall hold a public hearing not less than 30 days from the date of the service of such notice upon such licensee, at which such licensee may appear personally and through counsel, may cross-examine witnesses and present evidence in his own behalf. A physician who is mentally incompetent shall be represented at such hearing and shall be served with notice as herein provided by and through a guardian ad litem appointed by the clerk of the court of the county in which the physician has his residence. Such licensee or physician may, if he desires, file written answers to the charges or complaints preferred against him within 30 days after the service of such notice, which answer shall become a part of the record but shall not constitute evidence in the case.

§ **90-14.3. Service of notices.** — Any notice required by this Chapter may be served either personally or by an officer authorized by law to serve process, or by registered mail, return receipt requested, directed to the licensee or applicant at his last known address as shown by the records of the Board. If notice is served personally, it shall be deemed to have been served at the time when the officer delivers the notice to the person addressed. Where notice is served by registered mail, it shall be deemed to have been served on the date borne by the return receipt showing delivery of the notice to addressee or refusal of the addressee to accept the notice.

§ **90-14.4. Place of hearings for revocation or suspension of license.** — Upon written request of the accused physician to the secretary of the Board within 20 days after service of the charges or complaints against him, a hearing for the purpose of determining revocation or suspension of his license shall be conducted in the county in which such physician maintains his residence, or at the election of the Board, in any county in which the act or acts complained of occurred. In the absence of such request, the hearing shall be held at a place designated by the Board, or as agreed upon by the physician and the Board.

§ **90-14.5. Use of trial examiner or depositions.** — Where the licensee requests that the hearing herein provided for be held by the Board in a county other than the county designated for the holding of the meeting of the Board at which the matter is to be heard, the Board may designate in writing one or more of its members to conduct the hearing as a trial examiner or trial committee, to take evidence and report a written transcript thereof to the Board at a meeting where a majority of the members are present and participating in the decision. Evidence and testimony may also be presented at such hearings and to the Board in the form of depositions taken before any person designated in writing by the Board for such purpose or before any person authorized to administer oaths, in accordance with the procedure for the taking of depositions in civil actions in the superior court.

§ **90-14.6 Evidence admissible.** — In proceedings held pursuant to this Article the Board shall admit and hear evidence in the same manner and form as prescribed by law for civil actions. A complete record of such evidence shall be made, together with the other proceedings incident to such hearing.

§ **90-14.7. Procedure where person fails to request or appear for hearing.** — If a person who has requested a hearing does not appear, and no continuance has been granted, the Board or its trial examiner or committee may hear the evidence of such witnesses as may have appeared, and the Board may proceed to consider the matter and dispose of it on the basis of the evidence before it. For good cause, the Board may reopen any case for further hearing.

§ **90-14.8. Appeal from Board's decision revoking or suspending a license.** — A physician whose license is revoked or suspended by the Board may obtain a review of the decision of the Board in the Superior Court of Wake County or in the superior court in the county in which the hearing was held or upon agreement of the parties to the appeal in any other superior court of the State, upon filing with the secretary of the Board a written notice of appeal within 20 days after the date of the service of the decision of the Board, stating all exceptions taken to the decision of the Board and indicating the court in which the appeal is to be heard.

Within 30 days after the receipt of a notice of appeal as herein provided, the Board shall prepare, certify and file with the clerk of the superior court in the county to which the appeal is directed the record of the case comprising a copy of the charges, notice of hearing, transcript of testimony, and copies of documents or other written evidence produced at the hearing, decision of the Board, and notice of appeal containing exceptions to the decision of the Board.

§ **90-14.9. Appeal bond; stay of Board order.** — The person seeking the review shall file with the clerk of the reviewing court a copy of the notice of appeal and an appeal bond of two hundred dollars ($200.00) at the same time the notice of appeal is filed with the Board. At any time before or during the review proceeding the aggrieved person may apply to the reviewing court for an order staying the operation of the Board decision pending the outcome of the review, which the court may grant or deny in its discretion.

§ **90-14.10. Scope of review.** — Upon the review of the Board's decision revoking or suspending a license, the case shall be heard by the judge without a jury, upon the record, except that in cases of alleged omissions or errors in the record, testimony thereon may be taken by the court. The court may affirm the decision of the Board or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the accused physician have been prejudiced because the findings or decisions of the Board are in violation of substantive or procedural law, or are not supported by competent, material, and substantial evidence admissible under this Article, or are arbitrary or capricious. At any time after the notice of appeal has been filed, the court may remand the case to the Board for the hearing of any additional evidence which is material and is not cumulative and which could not reasonably have been presented at the hearing before the Board.

§ **90-14.11. Appeal to Supreme Court; appeal bond.** — Any party to the review proceeding, including the Board, may appeal to the Supreme Court from the decision of the superior court under rules of procedure applicable in other civil cases. No appeal bond shall be required of the Board. The appealing party may apply to the superior court for a stay of that court's decision or a stay of the Board's decision, whichever shall be appropriate, pending the outcome of the appeal to the Supreme Court.

§ **90-14.12. Injunctions.** — The Board may appear in its own name in the superior courts in an action for injunctive relief to prevent violation of this Article and the superior courts shall have power to grant such injunctions regardless of whether criminal prosecution has been or may be instituted as a result of such violations. Actions under this section shall be commenced in the judicial district in

which the respondent resides or has his principal place of business or in which the alleged acts occurred.

§ 90-14.13. Reports of disciplinary action by health care insitutions; immunity from liability. — The chief administrative officer of every licensed hospital or other health care institution in the State shall, after consultation with the chief of staff of such institution, report to the Board any revocation, suspension, or limitation of a physician's privileges to practice in that institution. Each such institution shall also report to the Board resignations from practice in that institution by persons licensed under this Article. The Board shall report all violations of this subsection known to it to the licensing agency for the institution involved.

The chief administrative officer of each insurance company providing professional liability insurance for physicians who practice medicine in North Carolina, the administrative officer of the Liability Insurance Trust Fund Council created by G.S. 116-220, and the administrative officer of any trust fund operated by a hospital authority, group, or provider shall report to the Board within 30 days:

(1) Any award of damanges or settlement affecting or involving a physician it insures, or
(2) Any cancellation or nonrenewal of its professional liability coverage of a physician, if the cancellation or nonrenewal was for cause.

The Board may request details about any action and the officers shall promptly furnish the requested information. The reports required by this section are privileged and shall not be open to the public. The Board shall report all violations of this paragraph to the Commissioner of Insurance.

Any person making a report required by this section shall be immune from any criminal prosecution or civil liability resulting therefrom unless such person knew the report was false or acted in reckless disregard of whether the report was false.

§ 90-15. License fee; salaries, fees, and expenses of Board. — Each applicant for a license by examination shall pay to the treasurer of the Board of Medical Examiners of the State of North Carolina a fee which shall be prescribed by said Board in an amount not exceeding the sum of four hundred dollars ($400.00) plus the cost of test materials before being admitted to the examination. Whenever any license is granted without examination, as authorized in G.S. 90-13, the applicant shall pay to the treasurer of the Board a fee in an amount to be prescribed by the Board not in excess of two hundred fifty dollars ($250.00). Whenever a limited license is granted as provided in G.S. 90-12, the applicant shall pay to the treasurer of the Board a fee not to exceed one hundred fifty dollars ($150.00), except where a limited license to practice in a medical education and training program approved by the Board for the purpose of education or training is granted, the applicant shall pay a fee of twenty-five dollars ($25.00). A fee of twenty-five dollars ($25.00) shall be paid for the issuance of a duplicate license. All fees shall be paid in advance to the treasurer of the Board of Medical Examiners of the State of North Carolina, to be held by him as a fund for the use of said Board. The compensation and expenses of the members and officers of the said Board and all expenses proper and necessary in the opinion of the Board to the discharge of its duties under and to enforce the laws regulating the practice of medicine or surgery shall be paid out of said fund, upon the warrant of the said Board and all expenses proper and necessary in the opinion of the officers and members of said Board shall be fixed by the Board but shall not exceed one hundred dollars ($100.00) per day per member for time spent in the performance and discharge of his duties as a member of said Board, and reimbursement for travel and other necessary expenses incurred in the performance of his duties as a member of said Board. Any unexpended sum or sums of money remaining in the treasury of said Board at the expiration of the terms of office of the members thereof shall be paid over to their successors in office.

For the initial and annual registration of an assistant to a physician, the Board may require the payment of a fee not to exceed a reasonable amount.

§ 90-15.1 Registration every two years with Board. — Every person heretofore or hereafter licensed to practice medicine by said Board of Medical Examiners shall, during the month of January, in every even-numbered year thereafter, register with the secretary-treasurer of said Board his name and office and residence address and such

other information as the Board may deem necessary and shall pay a registration fee fixed by the Board not in excess of one hundred dollars ($100.00). In the event a physician fails to register as herein provided he shall pay an additional amount of twenty dollars ($20.00) to the Board. Should a physician fail to register and pay the fees imposed, and should such failure continue for a period of 30 days, the license of such physician may be suspended by the Board, after notice and hearing at the next regular meeting of the Board. Upon payment of all fees and penalties which are due, the license of the physician may be reinstated, subject to the Board requiring the physician to appear before the Board for an interview and to comply with other licensing requimements.

§ 90-16. Board to keep record; publication of names of licentiates; transcript as evidence; receipt of evidence concerning treatment of patient who has not consented to public disclosure. — The Board of Medical Examiners shall keep a regular record of its proceedings in a book kept for that purpose, together with the names of the members of the Board present, the names of the applicants for license, and other information as to its actions. The Board of Medical Examiners shall cause to be entered in a separate book the name of each applicant to whom a license is issued to practice medicine or surgery, along with any information pertinent to such issuance. The Board of Medical Examiners shall publish the names of those licensed in three daily newspapers published in the State of North Carolina, within 30 days after granting the same. A transcript of any such entry in the record books, or certificate that there is not entered therein in the name and proficiency or date of granting such license of a person charged with the violation of the provisions of this Article, certified under the hand of the secretary and the seals of the Board of Medical Examiners of the State of North Carolina, shall be admitted as evidence in any court of this State when it is otherwise competent.

The Board may in an executive session receive evidence involving or concerning the treatment of a patient who has not expressly or impliedly consented to the public disclosure of such treatment as may be necesssary for the protection of the rights of such patient or of the accused physician and the full presentation of relevant evidence. All records, papers, and other documents containing information collected and compiled by the Board, or its members or employees as a result of investigations, inquiries or interviews conducted in connection with a licensing or disciplinary matter shall not be considered public records within the meaning of Chapter 132 of the General Statutes; provided, however, that any notice or statement of charges against any licensee, or any notice to any licensee of a hearing in any proceeding shall be a public record within the meaning of Chapter 132 of the General Statutes, notwithstanding that it may contain information collected and compiled as a result of any such investigation, inquiry or interview; and provided, further, that if any such record, paper or other document containing information theretofore collected and compiled by the Board, as hereinbefore provided, is received and admitted in evidence in any hearing before the Board, it shall thereupon be a public record within the meaning of Chapter 132 of the General Statutes.

In any proceeding before the Board, in any record of any hearing before the Board, and in the notice of the charges against any licensee (notwithstanding any provision herein to the contrary) the Board may withhold from public disclosure the identity of a patient who has not expressly or impliedly consented to the public disclosure of treatment by the accused physician.

§ 90-17. — Repealed by Session Laws 1967, c. 691, s. 59.

§ 90-18. Practicing without license; practicing defined; penalties. — No person shall practice medicine or surgery, or any of the branches thereof, nor in any case prescribe for the cure of diseases unless he shall have been first licensed and registered so to do in the manner provided in this Article, and if any person shall practice medicine or surgery without being duly licensed and registered, as provided in this Article, he shall not be allowed to maintain any action to collect any fee for such services. The person so practicing without license shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00), or imprisoned at the discretion of the court for each and every offense.

Any person shall be regarded as practicing medicine or surgery within the

meaning of this Article who shall diagnose or attempt to diagnose, treat or attempt to treat, operate or attempt to operate on, or prescribe for or administer to, or profess to treat any human ailment, physical or mental, or any physical injury to or deformity of another person: Provided, that the following cases shall not come within the definition above recited:

(1) The administration of domestic or family remedies in cases of emergency.
(2) The practice of dentistry by any legally licensed dentist engaged in the practice of dentistry and dental surgery.
(3) The practice of pharmacy by any legally licensed pharmacist engaged in the practice of pharmacy.
(4) The practice of medicine and surgery by any surgeon or physician of the United States army, navy, or public health service in the discharge of his official duties.
(5) The treatment of the sick or suffering by mental or spiritual means without the use of any drugs or other material means.
(6) The practice of optometry by any legally licensed optometrist engaged in the practice of optometry.
(7) The practice of midwifery as defined in G.S. 90-178.2.
(8) The practice of chiropody by any legally licensed chiropodist when engaged in the practice of chiropody, and without the use of any drug.
(9) The practice of osteopathy by any legally licensed osteopath when engaged in the practice of osteopathy as defined by law, and especially G.S. 90-129.
(10) The practice of chiropractic by any legally licensed chiropractor when engaged in the practice of chiropractic as defined by law, and without the use of any drug or surgery.
(11) The practice of medicine or surgery by any reputable physician or surgeon in a neighboring state coming into this State for consultation with a resident registered physician. This proviso shall not apply to physicians resident in a neighboring state and regularly practicing in this State.
(12) Any person practicing radiology as hereinafter defined shall be deemed to be engaged in the practice of medicine within the meaning of this Article. "Radiology" shall be defined as, that method of medical practice in which demonstration and examination of the normal and abnormal structures, parts or functions of the human body are made by use of X-ray. Any person shall be regarded as engaged in the practice of radiology who makes or offers to make, for consideration, a demonstration or examination of a human being or a part or parts of a human body by means of fluoroscopic exhibition or by the shadow imagery registered with photographic materials and the use of X-rays; or holds himself out to diagnose or able to make or makes any interpretation or explanation by word of mouth, writing or otherwise of the meaning of such fluoroscopic or registered shadow imagery of any part of the human body by use of X-rays; or who treats disease or condition of the human body by the application of X-rays or radium. Nothing in this subdivision shall prevent the practice of radiology by any person licensed under the provision of Articles 2, 7, 8, and 12 of this Chapter.
(13) Any act, task or function performed by an assistant to a person licensed as a physician by the Board of Medical Examiners when:
    a. Such assistant is approved by and annually registered with the Board as one qualified by training or experience to function as an assistant to a physician, except that no more than two assistants may be currently registered for any physician, and
    b. Such act, task or function is performed at the direction or under the supervision of such physician, in accordance with rules and regulations promulgated by the Board, and
    c. The services of the assistant are limited to assisting the physician in the particular field or fields for which the assistant has been trained, approved and registered;

    Provided that this subdivision shall not limit or prevent any physician from delegating to a qualified person any acts, tasks or functions which are otherwise permitted by law or established by custom.

(14) The practice of nursing by a registered nurse engaged in the practice of nursing and the performance of acts otherwise constituting medical practice by a registered nurse when performed in accordance with rules and regulations developed by a joint subcommittee of the Board of Medical Examiners and the Board of Nursing and adopted by both boards.

§ 90-18.1. Limitations on physician's assistants. —

(a) Any person who is approved under the provision of G.S. 90-18(13) to perform medical acts, tasks or functions as an assistant to a physician may use the title "Physician Assistant." Any other person who uses the title in any form or holds out to be a physician assistant or to be so approved, shall be deemed to be in violation of this Article.

(b) Physician assistants are authorized to write prescriptions for drugs under the following conditions:

(1) The Board of Medical Examiners has adopted regulations governing the approval of individual physician assistants to write prescriptions with such limitations as the Board may determine to be in the best interest of patient health and safety;

(2) The physician assistant has current approval from the Board;

(3) The Board of Medical Examiners has assigned an identification number to the physician assistant which is shown on the written prescription; and

(4) The supervising physician has provided to the physician assistant written instructions about indications and contraindications for prescribing drugs and a written policy for periodic review by the physician of the drugs prescribed.

(c) Physician assistants are authorized to compound and dispense drugs under the following conditions:

(1) The function is performed under the supervision of a licensed pharmacist; and

(2) Rules and regulations of the North Carolina Board of Pharmacy governing this function are complied with.

(d) Physician assistants are authorized to order medications, tests and treatments in hospitals, clinics, nursing homes and other health facilities under the following conditions:

(1) The Board of Medical Examiners has adopted regulations governing the approval of individual physician assistants to order medications, tests and treatments with such limitations as the Board may determine to be in the best interest of patient health and safety;

(2) The physician assistant has current approval from the Board;

(3) The supervising physician has provided to the physician assistant written instructions about ordering medications, tests and treatments, and when appropriate, specific oral or written instructions for an individual patient, with provision for review by the physician of the order within a reasonable time, as determined by the Board, after the medication, test or treatment is ordered; and

(4) The hospital or other health facility has adopted a written policy, approved by the medical staff after consultation with the nursing administration, about ordering medications, tests and treatments, including procedures for verification of the physician assistants' orders by nurses and other facility employees and such other procedures as are in the interest of patient health and safety.

(e) Any prescription written by a physician assistant or order given by a physician assistant for medications, tests or treatments shall be deemed to have been authorized by the physician approved by the Board as the supervisor of the physician assistant and such supervising physician shall be responsible for authorizing such prescription or order.

(f) Any registered nurse or licensed practical nurse who received an order from a physician assistant for medications, tests or treatments is authorized to perform that order in the same manner as if it were received from a licensed physician.

§ **90-18.2. Limitations on nurse practitioners. —**

(a) Any nurse approved under the provisions of G.S. 90-18(14) to perform medical acts, tasks or functions may use the title "Nurse Practitioner." Any other person who uses the title in any form or holds out to be a nurse practitioner or to be so approved, shall be deemed to be in violation of this Article.

(b) Nurse practitioners are authorized to write prescriptions for drugs under the following conditions:
  (1) The Board of Medical Examiners and Board of Nursing have adopted regulations developed by a joint subcommittee governing the approval of individual nurse practitioners to write prescriptions with such limitations as the board may determine to be in the best interest of patient health and safety.
  (2) The nurse practitioner has current approval from the boards;
  (3) The Board of Medical Examiners has assigned an identification number to the nurse practitioner which is shown on the written prescription; and
  (4) The supervising physician has provided to the nurse practitioner written instructions about indications and contraindications for prescribing drugs and a written policy for periodic review by the physician of the drugs prescribed.

(c) Nurse practitioners are authorized to compound and dispense drugs under the following conditions:
  (1) The function is performed under the supervision of a licensed pharmacist; and
  (2) Rules and regulations of the North Carolina Board of Pharmacy governing this function are complied with.

(d) Nurse practitioners are authorized to order medications, tests and treatments in hospitals, clinics, nursing homes and other health facilities under the following conditions:
  (1) The Board of Medical Examiners and Board of Nursing have adopted regulations developed by a joint subcommittee governing the approval of individual nurse practitioners to order medications, tests and treatments with such limitations as the boards may determine to be in the best interest of patient health and safety;
  (2) The nurse practitioner has current approval from the boards;
  (3) The supervising physician has provided to the nurse practitioner written instructions about ordering medications, tests and treatments, and when appropriate, specific oral or written instructions for an individual patient, with provision for review by the physician of the order within a reasonable time, as determined by the Board, after the medication, test or treatment is ordered; and
  (4) The hospital or health facility has adopted a written policy, approved by the medical staff after consultation with the nursing administration, about ordering medications, tests and treatments, including procedures for verification of the nurse practitioners' orders by nurses and other facility employees and such other procedures as are in the interest of patient health and safety.

(e) Any prescription written by a nurse practitioner or order given by a nurse practitioner for medications, tests or treatments shall be deemed to have been authorized by the physician approved by the boards as the supervisor of the nurse practitioner and such supervising physician shall be responsible for authorizing such prescription or order.

(f) Any registered nurse or licensed practical nurse who receives an order from a nurse practitioner for medications, tests or treatments is authorized to perform that order in the same manner as if it were received from a licensed physician.

§ **90-19, 90-20:** Repealed by Session Laws 1967, c. 691, s. 59.

§ **90-21. Certain offenses prosecuted in superior court; duties of Attorney General.** — In case of the violation of the criminal provisions of G.S. 90-18, the Attorney General of the State of North Carolina, upon complaint of the Board of

Medical Examiners of the State of North Carolina, shall investigate the charges preferred, and if in his judgment the law has been violated, he shall direct the district attorney of the district in which the offense was committed to institute a criminal action against the offending persons. A district attorney's fee of five dollars ($5.00) shall be allowed and collected in accordance with the provisions of G.S. 6-12. The Board of Medical Examiners may also employ, at their own expense, special counsel to assist the Attorney General or the district attorney.

Exclusive original jurisdiction of all criminal actions instituted for the violations of G.S. 90-18 shall be in the superior court, the provisions of any special or local act to the contrary notwithstanding.

CHAPTER 32—BOARD OF MEDICAL EXAMINERS

SUBCHAPTER 32A—ORGANIZATION

.0001 LOCATION

The location of the office of the Board of Medical Examiners is 1313 Navaho Drive, Raleigh, North Carolina 27609. The phone number is (919) 876-3885.

.0002 PURPOSE (REPEALED)

.0003 STRUCTURE (REPEALED)

.0004 MEETINGS

The Board customarily meets at regularly scheduled intervals as appropriate to carry out Board business. Other meetings may be called by the President of the Board or upon written request of the majority of the members of the Board.

.0005 REQUIREMENT EXCEPTION

When the Board finds that an applicant is unable to comply with the requirements for proof of qualification for licensure because of circumstances beyond his control, the Board may accept in lieu of the requirements such other evidence or information which will satisfy the Board that the applicant is qualified for licensure or approval as required by law.

.0006 PROVISIONS FOR PETITION FOR A RULE CHANGE

Each person desiring to petition for the adoption, amendment or repeal of a rule should submit the following information to the Board:

(1) draft of the proposed rule or amendment to rule;
(2) reasons for the proposal;
(3) effect of the existing rule;
(4) data supporting the proposal;
(5) effect on existing practices in the area involved, including costs;
(6) names of those most likely to be affected, with addresses if known; and
(7) the name and address of the petitioner.

The Executive Secretary shall consult with Board members as appropriate to render a decision regarding the denial of a petition or the initiation of rule-making proceedings.

.0007 DECLARATORY RULINGS

The Board will consider a request to make a declaratory ruling on the validity of a rule only when the petitioner shows that circumstances are so changed since adoption of the rule that such a ruling would be warranted, or that the rule-making record for the rule evidences a failure by the agency to consider specified relevant factors. The petitioner shall state in his request the consequences of a failure to issue a ruling.

(4) ECFMG - Educational Commission for Foreign Medical Graduates
(5) Fifth Pathway - avenue for licensure as defined in the Directory of Accredited Residencies 1977-1978, American Medical Association, pp. 30-32. The Directory is adopted by reference under G.S. 150B-14(b).
(6) FLEX - Federation Licensing Examination
(7) LCME - Liaison Commission on Medical Education

.0102 DISCARDING APPLICATION MATERIAL

Applications must be completed within one year of the date requirements are mailed from the Board's office. If not completed within one year, any application materials received will be discarded.

.0103 FORMS

All forms and lists of requirements referred to in this Subchapter may be obtained from the Board's office.

SECTION .0200—LICENSE BY WRITTEN EXAMINATION

.0201 MEDICAL EDUCATION

Applicants for the written examination must have the medical education required by G.S. 90-9. To be eligible for the written examination, an applicant must have the following medical education:

(1) be a graduate of a medical school approved by either LCME or AOA; or
(2) be a graduate of a medical school not approved by LCME or AOA and either:
    (a) be currently enrolled in a graduate medical education and training program in North Carolina approved by ACGME or AOA; or
    (b) have satisfactorily completed three years of graduate medical education and training after graduation from medical school which is approved by the ACGME or AOA.

No applicant graduated from a medical school which has been disapproved by the Board shall be eligible for examination or licensure in North Carolina. The burden of proof of medical education is on the applicant.

.0202 ECFMG CERTIFICATION

To be eligible for the written examination, applicants who are graduates of medical schools other than those approved by LCME or AOA must furnish a photocopy of a currently valid standard certificate of ECFMG. ECFMG certification may be waived by the Board if the applicant has either:

(1) passed the ECFMG examination and successfully completed an approved Fifth Pathway Program; or
(2) been licensed in another state on the basis of written examination prior to the establishment of ECFMG in 1958.

.0203 CERTIFICATION OF GRADUATION

An applicant for written examination must submit a statement from the dean or other official of the applicant's medical school certifying the applicant's date of graduation from medical school. This certification must bear the signature of the dean or other official of the medical school and the seal of the medical school. This certification may be contained on the certified photograph under Rule .0204 of this Section or on a separate document.

.0204 CERTIFIED PHOTOGRAPH

An applicant for written examination must submit a recent photograph, at least 2 1/2 inches by 3 1/4 inches, certified on the back as a true likeness of the applicant by the dean or other official of the applicant's medical school. This certification must bear the signature of the dean or other official of the medical school and the seal of the medical school.

.0205 CITIZENSHIP (REPEALED)

.0206 APPLICATION FORMS

An applicant for written examination must complete the following application forms which request information regarding the applicant's personal, educational, and professional background:

(1) the Board's questionnaire; and
(2) the Federation of State Medical Board's application form.

.0207 LETTERS OF RECOMMENDATION

An applicant for written examination must request that three letters of recommendation be submitted to the Board on his behalf. The letters must be originals addressed to the Board and must contain the original signature of the author. One of the letters must be from someone who has known the applicant for a period of ten years and two of the letters must be from physicians.

.0208 MILITARY STATUS (REPEALED)

.0209 FEE

(a) The fee for both components of the written examination taken together is two hundred and fifty dollars ($250.00), plus the cost of test materials, due at the time of application.
(b) If the two components are taken separately, the fee for each component is due at the time of application for that component as follows:
    (1) for the first component, two hundred and fifty dollars ($250.00) plus the cost of test materials;

(2) for the second component, one hundred and fifty dollars ($150.00) plus the cost of test materials.

(c) In the event the applicant fails to make a passing score on both components taken together or either component taken separately, the fee will not be refunded.

(d) In the event the applicant does not appear for the regularly scheduled examination or the application is withdrawn, no portion of the fee will be refunded.

.0210 DEADLINE

All application materials must be in the Board's office at least 75 days prior to the written examination. The 75 day deadline may be waived on the certification of graduation requirement, Rule .0203 of this Section, if the applicant is either in attendance at a medical school approved by LCME or AOA located in North Carolina or is a citizen of the State of North Carolina. However, before the examination, the applicant must satisfy the certificate of graduation requirement as follows:

(1) Not less than 75 days before the date of the examination, the Board must receive a letter from the dean of the applicant's medical school stating that the applicant is expected to complete all requirements for graduation prior to the date of the examination.

(2) Prior to the date of the examination, the Board must receive a letter from the dean of the medical school stating that the applicant has completed all requirements for, and will receive, the M.D. degree from the medical school.

(3) After the applicant's graduation, the Board must receive a letter from the applicant's medical school certifying the date on which the applicant received the M.D. degree. This certification must bear the signature of the dean or other official and the seal of the medical school.

.0211 PASSING SCORE

To pass the written examination, the applicant is required to attain a score of at least 75 on FLEX Component I and a score of a least 75 on FLEX Component II. Components may be taken in tandem. Any component that is failed may be retaken; however, Component II may not be taken alone unless the applicant has passed Component I within the last seven years. Both components must be passed within seven years of the date of taking the initial examination.

.0212 TIME AND LOCATION

The Board holds two examinations each year, one in June and one in December, in Raleigh, North Carolina.

.0213 GRADUATE MEDICAL EDUCATION AND TRAINING FOR LICENSURE

Before licensure, physicians who pass the written examination must furnish proof of graduate medical education and training taken after graduation from medical school as follows:

(1) Graduates of medical schools approved by LCME or AOA must have satisfactorily completed one year of graduate medical education and training approved by ACGME or AOA.

(2) Graduates of medical schools other than those approved by LCME or AOA must have satisfactorily completed three years of graduate medical education and training approved by ACGME or AOA.

.0214 PERSONAL INTERVIEW

To be eligible for the written examination, applicants who are graduates of medical schools not approved by the LCME or AOA must appear before the Executive Secretary for a personal interview upon completion of all credentials. This interview must be conducted at least 75 days prior to the date of the examination.

SECTION .0300—LICENSE BY ENDORSEMENT

.0301 MEDICAL EDUCATION

Applicants for license by endorsement of credentials must have the medical education required by G.S. 90-9. To be eligible for license by endorsement of credentials, an applicant must have the following medical education:

(1) be a graduate of a medical school approved by either LCME or AOA and meet the requirements regarding graduate medical education and training under Rule .0313 of this Section;

(2) be a graduate of a medical school not approved by LCME or AOA and meet the requirements regarding:

(a) graduate medical education and training under Rule .0313 of this Section, and

(b) ECFMG certification under Rule .0302 of this Section.

No applicant graduated from a medical school which has been disapproved by the Board shall be eligible for licensure in North Carolina. The burden of proof of medical education is on the applicant.

.0302 ECFMG CERTIFICATION

To be eligible for license by endorsement of credentials, applicants who are graduates of medical schools other than those approved by LCME or AOA must furnish a photocopy of a currently valid standard certificate of ECFMG. ECFMG certification may be waived by the Board if the applicant has either:

(1) passed the ECFMG examination and successfully completed an approved Fifth Pathway Program; or

(2) been licensed in another state on the basis of written examination prior to the establishment of ECFMG in 1958.

.0303 CITIZENSHIP (REPEALED)

.0304 APPLICATION FORMS

An applicant for license by endorsement of credentials must complete the Board's application form which requests information regarding an applicant's personal, educational, and professional background.

.0305 EXAMINATION BASIS FOR ENDORSEMENT

(a) To be eligible for license by endorsement of credentials, graduates of medical schools approved by the LCME or AOA must supply certification of passing scores on one of the following written examinations:

(1) National Board of Medical Examiners;

(2) FLEX - under Rule .0312 of this Section;

(3) Written examination other than FLEX from the state board which issued the original license by written examination;

(b) Graduates of medical schools not approved by LCME or AOA must supply certification of passing scores on one of the following written examinations:

(1) FLEX - under Rule .0312 of this Section; and

(2) Written examination other than FLEX from the state board which issued the applicant's original license by written examination together with American Specialty Board certification.

.0306 LETTERS OF RECOMMENDATION

An applicant for license by endorsement of credentials must request that three letters of recommendation be submitted to the Board on his behalf. The letters must be originals addressed to the Board and must contain the original signature of the author. One of the letters must be from someone who has known the applicant for a period of ten years and two of the letters must be from physicians.

.0307 CERTIFIED PHOTOGRAPH AND CERTIFICATION OF GRADUATION

An applicant for license by endorsement of credentials must submit a recent photograph, at least 2 1/2 inches by 3 1/4 inches, certified on the back as a true likeness of the applicant by the dean or other official of the applicant's medical school

indicating the applicant's date of graduation from medical school. This certification must bear the signature of the dean or other official of the medical school and the seal of the medical school.

.0308 FEE

A fee of two hundred and fifty dollars ($250.00) is due at the time of application. In the event the applicant does not appear for a scheduled personal interview, no portion of the fee may be refunded. In the event licensure is denied or the application is withdrawn, no portion of the fee may be refunded.

.0309 PERSONAL INTERVIEW

To be eligible for license by endorsement of credentials, applicants must appear before the Executive Secretary, a Board member, or the full Board for a personal interview upon completion of all credentials.

.0310 DEADLINE

For an applicant to be eligible for license by endorsement of credentials at a given Board meeting, all application material must be in the Board's office at least 15 days prior to the meeting.

.0311 ENDORSEMENT RELATIONS

The Board does not grant a license by endorsement of credentials on the basis of practice in any government service nor on the basis of licensing by medical boards outside the United States and its territories.

.0312 ROUTINE INQUIRIES

An applicant for license by endorsement must request that the following reports be submitted to the Board:

(1) If affiliated with a county or state medical society, a letter of current standing must be submitted on the applicant's behalf.

(2) Reports from all states in which the applicant has ever been licensed to practice medicine indicating the status of the applicant's license and whether or not the license has been revoked, suspended, surrendered, or placed on probationary terms must be mailed directly from other state boards to the Board.

An AMA Physician Profile is requested of AMA by the Board.

.0313 GRADUATE MEDICAL EDUCATION AND TRAINING

To be eligible for license by endorsement of credentials, applicants must furnish proof of graduate medical education and training taken after graduation from medical school as follows:

(1) Graduates of medical schools approved by LCME or AOA must have satisfactorily completed one year of graduate medical education and training approved by ACGME or AOA.

(2) Graduates of medical schools other than those approved by LCME or AOA must have satisfactorily completed three years of graduate medical education and training approved by ACGME or AOA.

.0314 PASSING FLEX SCORE

Physicians who have been licensed in another state on the basis of a FLEX examination may be eligible to apply for a license by endorsement of credentials if they meet the following score requirements:

(1) FLEX taken before January 1, 1983 - A FLEX weighted average of 75 or more on a single three day examination is required.

(2) FLEX taken after January 1, 1983 - A FLEX weighted average of 75 or more on a single three day examination, with a score not less than 70 on Day I, a score not less than 75 on Day II, and a score not less than 75 on Day III, is required.

(3) FLEX taken after January 1, 1985 -

(a) A score of at least 75 on FLEX Component I and a score of at least 75 on FLEX Component II is required.

(b) Components may be taken in tandem. Any component that is failed may be retaken; however, Component II may not be taken alone unless the applicant has passed Component I within the last seven years.

(c) Both components must be passed within seven years of the date of taking the initial examination.

SECTION .0400—TEMPORARY LICENSE BY ENDORSEMENT OF CREDENTIALS

.0401 CREDENTIALS

SUBCHAPTER 32C—PROFESSIONAL CORPORATIONS

.0001 AUTHORITY AND DEFINITIONS (REPEALED)

.0002 NAME OF PROFESSIONAL CORPORATION

The following requirements must be met regarding the name of a professional corporation to practice medicine:

(1) The name shall not include any adjectives or other words not in accordance with ethical customs of the medical profession or any words descriptive of medical or surgical specialties unless the specialty designation is preceded by another modifying word or words, such as a geographical area or a proper name.

(2) The professional corporation may not use any name other than its corporate name.

(3) A shareholder may authorize the retention of his surname in the corporate name after his retirement or inactivity because of age or disability, even though he may have disposed of his stock. The estate of a deceased shareholder may authorize the retention of the deceased shareholder's surname in the corporate name after the shareholder's death.

(4) If a living shareholder in a professional corporation whose surname appears in the corporate name becomes a "disqualified person" as defined in the Professional Corporation Act, the name of the professional corporation shall be promptly changed to eliminate the name of the shareholder, and the shareholder shall promptly dispose of his stock in the corporation.

.0003 PREREQUISITES FOR INCORPORATION

(a) Before filing of the articles of incorporation for a professional corporation with the Secretary of State, the incorporators shall file with the Executive Secretary of the Board:

(1) the original articles of incorporation;

(2) an additional executed copy of the articles of incorporation;

(3) a copy of the articles of incorporation;

(4) a registration fee of fifty dollars ($50.00) set by Rule .0008 of this Section;

(5) a certificate (P.C. Form 1) certified by all incorporators, setting forth the names and addresses of each person who will be employed by the corporation to practice medicine for the corporation, and stating that all such persons are duly licensed to practice medicine in North Carolina, and representing that the corporation will be conducted in compliance with the Professional Corporation Act and these Rules;

(6) a certificate (P.C. Form 2) for the Executive Secretary of the Board to sign certifying that at least one of the incorporators and each of the persons named as original shareholders is licensed to practice medicine in North Carolina.

(b) The Executive Secretary shall review the articles of incorporation for compliance with the laws relating to professional corporations and with these Rules. If they comply, the Executive Secretary shall sign P.C. Form 2 and return the original articles of incorporation and the copy to the incorporators for filing with the Secretary of State. The executed copy of the articles of incorporation shall be retained in the office of the Board. If the articles of incorporation are subsequently changed before they are filed with the Secretary of State, they shall be re-submitted to the Board and shall not be filed with the Secretary of State until approved by the Board.

.0004 CERTIFICATE OF REGISTRATION

A Certificate of Registration for a professional corporation shall remain effective until December 31 of each odd-numbered year. A Certificate of Registration may be renewed biennially thereafter for years in which licensees are required to register upon written application (P.C. Form 4) to the Executive Secretary, certifying the names and addresses of all licensed officers, directors, shareholders and employees of the corporation and representing that the corporation has complied with these Rules and the Professional Corporation Act. The application shall be accompanied by a renewal fee of twenty-five dollars ($25.00) set by Rule .0008 of this Section.

.0005 STOCK AND FINANCIAL MATTERS

The regulation and control of stocks shall be as follows:

(1) The chief executive officer of a professional corporation shall be a person duly licensed to practice medicine in North Carolina.
(2) The corporation may acquire and hold its own stock.
(3) No person other than a licensee shall exercise any authority whatsoever over professional matters.
(4) Subject to the provision of G.S. 55B-7, a professional corporation may make such agreement with its shareholders or its shareholders may make such agreement between themselves as they deem just for the acquisition of the shares of a deceased or retiring shareholder or of a shareholder who becomes disqualified to own shares under the Professional Corporation Act or under these Rules.
(5) There shall be prominently displayed on the face of all certificates of stock in the corporation a legend that any transfer of the shares of stock is subject to the provisions of the Professional Corporation Act and the Rules of the Board.
(6) All shareholders must be licensed to practice medicine in North Carolina.
(7) Any interest in the corporation belonging to a deceased shareholder shall be acquired by the professional corporation, or shall be acquired by one or more persons licensed by the Board. Failure to comply with this requirement within one year after the date of the death of a deceased shareholder shall be grounds for the suspension or revocation of the corporation's certificate of registration. The corporation shall report to the Board within 30 days after its occurrence the death of any shareholder.
(8) The corporation shall render medical services only by or through individuals licensed by the Board.
(9) The corporation shall not engage in any business other than rendering professional medical services and related services.

.0006 CHARTER AMENDMENTS AND STOCK TRANSFERS

The following general provisions shall apply to all professional corporations to practice medicine:

(1) All changes to the articles of incorporation of the corporation shall be filed with the Board for approval before being filed with the Secretary of State. A copy of the changes filed with the Secretary of State shall be sent to the Board within 10 days after filing with the Secretary of State.
(2) The Executive Secretary shall issue the certificate (P.C. Form 5) required by G.S. 55B-6 when stock is transferred in the corporation. P.C. Form 5 shall be permanently retained by the corporation. The stock books of the corporation shall be kept at the principal office of the corporation and shall be subject to inspection by the Executive Secretary or his designee during business hours.

.0007 DOCUMENTS

The following documents regarding professional corporations may be obtained from or are issued by the Board:

(1) Rules of the Board regarding Professional Corporations;
(2) P.C. Form 1 - Application for a Certificate of Registration for a Professional Corporation for the Practice of Medicine;
(3) P.C. Form 2 - Certification of Shareholders;
(4) P.C. Form 3 - Certificate of Registration of a Professional Corporation for the Practice of Medicine;

(5) P.C. Form 4 - Application for Biennial Renewal of Certificate of Registration;
(6) P.C. Form 5 - Certificate Authorizing Transfer of Stock in Professional Corporation Organized to Practice Medicine.

.0008 FEES

The initial registration fee for a professional corporation is fifty dollars ($50.00). The fee for renewal of a Certificate of Registration is twenty-five dollars ($25.00).

SUBCHAPTER 32E—APPROVAL OF REGISTERED NURSE PERFORMING MEDICAL ACTS

.0001 DEFINITIONS

The term "Board" as used herein refers to the Board of Medical Examiners of the State of North Carolina.

The term "secretary" as used herein refers to the Executive Secretary of the Board of Medical Examiners of the State of North Carolina.

The term "registered nurse" as used herein refers to a registered nurse who is functioning and performing medical tasks or combination of tasks at the direction of or under the supervision of a physician licensed to practice medicine in North Carolina, and which nurse is approved by the Board as being qualified by training and experience to perform the functions and tasks outlined in the application at the direction of or under the supervision of a physician.

The term "applicant" as used herein refers to the registered nurse on whose behalf an application is submitted to the Board.

The term "supervision" is defined as incorporating physician back-up to registered nurses performing medical acts in the following ways:

(1) Continuous availability of direct communications by radio, telephone or telecommunications;
(2) The back-up physician shall be available on a regularly scheduled basis for:
    (a) referrals;
    (b) review of the registered nurses' practice between conferences incorporating:
        (i) consultation;
        (ii) chart review and co-signing records not to exceed seven days depending on practice site;
        (iii) continuing education;
(3) A predetermined plan for emergency services.

.0002 APPLICATION FOR APPROVAL

Application for approval of a registered nurse under these regulations shall be made upon forms supplied by the Board, and shall be submitted by the R.N. and the physician or physicians at whose direction, or under whose supervision, such

applicant will function and who will assume responsibility for the applicant's performance and functions.

The application forms shall be completed and shall be supported by documents attached to same, as set out and required by the application form.

If for any reason a registered nurse who has been approved under these regulations by the Board ceases to perform duties at the direction of, or under the supervision of, the physician so named in the application for approval as herein provided, the Board's approval heretofore issued for such registered nurse or applicant shall cease until a new application has been submitted to, and approved by, the Board.

.0003 REQUIREMENTS FOR APPROVAL

Persons licensed as registered nurses under Article 9 of Chapter 90 of the General Statutes of North Carolina may be approved pursuant to the provisions of Article I of Chapter 90 of the General Statutes of North Carolina when the Board receives an application for approval of such person on the form provided by the Board, signed by such person and signed by the physician who is supervising the medical acts or performance of, showing and certifying:

(1) That the person for whom approval is requested has been licensed as a registered nurse by the North Carolina Board of Nursing;

(2) A general description of the medical functions, tasks, and duties which such registered nurse will be expected to perform;

(3) That such registered nurse has received and has satisfactorily completed a formal course or courses of education and instruction in the procedures and practices which such nurse will be expected to perform as approved by the Board, or that such registered nurse has received and successfully completed such other education and instruction as may be approved by the Board; such education and instruction must contain a core curriculum which shall include four months of didactic training and four months of preceptorship or supervised clinical experience. Nurse practitioners approved prior to January 18, 1981, are permanently exempt from the core curriculum requirement. Any registered nurse in North Carolina who has been certified by a National Board approved by the joint subcommittee shall be exempt from the core curriculum requirement.     (C) common cardiovascular problems;
    (D) common GI problems;
    (E) common GU and GYN problems;
    (F) common infectious diseases;
    (G) common emergencies;
    (H) common neuro-psychiatric problems;
    (I) common skin problems;
    (J) common hematological problems;
    (K) common endocrine problems;

(d) health care and prevention of disease;
  (i) growth and development;
  (ii) immunizations;
  (iii) health maintenance;

(e) teaching and counseling;
  (i) family dynamics;
  (ii) health and prevention of disease;

(iii) coping mechanisms;
(f) role realignment and trends;
(i) NP role;
(ii) primary care trends;

(4) The extent and nature of supervision by a doctor licensed to practice medicine of the performance of the medical functions and tasks which such registered nurse will be expected to perform; and

(5) That such registered nurse is qualified to perform properly the medical functions, tasks, and duties described in the Application for Approval, and the Board of Nursing has approved and has recommended approval of such application by the Board of Medical Examiners.

When the proposed medical functions of a registered nurse include prescribing of drugs, the supervising (backup) physician and the registered nurse shall review the formulary approved by the North Carolina Board of Nursing and the Board of Medical Examiners of the State of North Carolina, and shall acknowledge in the application to the Board that they are familiar with the formulary, and that such formulary will be a part of and incorporated in the approved standing orders. Changes in the formulary are to be approved by the Board. In regard to changes, the approved formulary may include any over-the-counter or non-prescription drug.

Prescriptions, except controlled substances, may, upon specific orders of the supervising physician given before the prescription is issued, be written and issued by such registered nurse for the use by patients of drugs which are not included in the formulary. Such prescriptions shall be signed by the registered nurse with a notation thereon that the same was issued upon the specific order of the supervising physician. For example: Mary Smith, R.N., on order of John Poe, M.D. However, no prescription shall be written or issued by such registered nurse for any drugs which are specified as controlled substances under the Federal Controlled Substances Act.

Registered nurses who are approved to prescribe drugs as herein provided shall be assigned a number which shall appear on all prescriptions issued by such registered nurse. The names and numbers of such registered nurses shall be recorded and transmitted to the North Carolina Board of Pharmacy.

.0004 MORAL CHARACTER

Every applicant shall be of good moral character which must be shown to the satisfaction of the Board. The applicant may be required to appear personally before the Board before final approval of an application.

.0005 TERMINATION OF APPROVAL

The approval as herein provided for of a registered nurse may be terminated by the Board when, after due notice and hearing, the Board shall find:

(1) that the applicant has engaged in the performance of medical functions and tasks other than at the direction of, or under the supervision of, a physician licensed by the Board; or

(2) that the applicant has been required to perform, or has performed, a medical task or tasks, function or functions for which the applicant is not approved or for which the applicant is not qualified by training to perform including prescribing or dispensing of drugs not included in the approved formulary; or

(3) that the applicant is a habitual user of intoxicants or drugs to such an extent that she is unable to perform safely the duties assigned to the applicant; or

(4) that the applicant has been convicted in any court of a felony or of any other crime involving moral turpitude; or

(5) that the applicant has been adjudicated a mental incompetent or whose mental or physical condition renders her unable to perform safely and the duties assigned to her.

.0006 ANNUAL APPROVAL

Applicants approved under these regulations shall be approved annually with the Board on forms supplied by the Board on or before July 1 of each year.

.0007 FEES

The application for approval shall be accompanied by the sum of fifty dollars ($50.00). The annual fee for re-approval shall be ten dollars ($10.00). Fee for reactivation of an inactive application shall be five dollars ($5.00). Fees received shall be disbursed on a pro rata basis to the N.C. Board of Nursing and the N.C. Board of Medical Examiners.

.0008 FORMS

The following forms may be secured from the office of the Board of Medical Examiners regarding approval for registered nurses performing medical acts:

(1) Rules and Regulations for Registered Nurses Performing Medical Acts;
(2) Application for Approval of a Registered Nurse Performing Medical Acts;
(3) Formulary;
(4) Letter of Approval, upon approval;
(5) Notice of Re-approval;
(6) Certificate of Re-approval, upon re-approval.

NOTE: After the required rule hearing on June 4, 1990, the Board will repeal the above Subchapter 32E and adopt amended rules under Subchapter 32M - Approval of Nurse Practitioners, anticipated to be effective in the fall of 1990.

SUBCHAPTER 32F—BIENNIAL REGISTRATION

.0001 TIME (REPEALED)

.0002 REQUIRED INFORMATION (REPEALED)

.0003 FEE

Each physician shall pay a biennial registration fee of seventy dollars ($70.00) to the Board; except, each physician holding a resident's training license shall pay a biennial registration fee of twenty-five dollars ($25.00).

.0004 FAILURE TO REGISTER (REPEALED)

.0005 FORMS

The following forms are used at the appropriate times regarding biennial registration:

(1) Notice of Registration - This form requires information as noted in G.S. 90-15.1.
(2) Notice of Failure to Register - This form gives notice to a physician who has failed to register as required by G.S. 90-15.1.
(3) Notice of Suspension - This form advises the physician that his North Carolina medical license has been suspended for failure to register with the Board.

SUBCHAPTER 32H—MOBILE INTENSIVE CARE

SECTION .0100—GENERAL INFORMATION

.0101 AUTHORITY: INTENT AND GOALS

(a) In establishing and approving rules pursuant to G.S. 143-514, it is the intent of the Board of Medical Examiners and the Department of Human Resources to respond to a critical shortage of professionally trained medical and nursing personnel for the delivery of fast, efficient emergency medical care to the sick and injured at the scene and during transport to a health care facility.

(b) Improved emergency medical services are required to reduce the mortality and morbidity rate during the first critical minutes immediately following trauma or the onset of a medical emergency such as an acute myocardial infarction. Within the goals of the Board of Medical Examiners and the Department of Human Resources in establishing these rules is the provision of the best and most economical delivery of emergency medical care.

.0102 DEFINITIONS

The following definitions apply in this Subchapter:

(1) "Audit and review panel" means a committee composed of representatives of the medical, nursing, administrative and prehospital care service elements of a mobile intensive care program that has the responsibility for the ongoing monitoring and evaluation of the program. The chairman of the panel shall be a physician and a majority of the voting members shall be physicians.

(2) "Emergency medical technician-advanced intermediate (EMT-AI)" means a person specially trained in a program approved by the Office of Emergency Medical Services and who has been certified or recertified by the Board of Medical Examiners as qualified to render services enumerated in Rule .0406 of this Subchapter.

(3) "Emergency medical technician-defibrillation (EMT-D)" means a person specially trained in a program approved by the Office of Emergency Medical Services and who has been certified or recertified by the Board of Medical Examiners as qualified to render services enumerated in Rule .0407 of this Subchapter.

(4) "Emergency medical technician-intermediate (EMT-I)" means a person specially trained in a training program approved by the Office of Emergency Medical Services and who has been certified or recertified by the Board of Medical Examiners as qualified to render the services enumerated in Rule .0403 of this Subchapter.

(5) "Emergency medical technician-paramedic (EMT-P)" means a person specially trained in emergency medical care in a training program approved by the Office of Emergency Medical Services who has been certified or recertified by the Board of Medical Examiners as qualified to render the services enumerated in Rule .0402 of this Subchapter.

(6) "Field technician" means a certified emergency medical technician-defibrillation, emergency medical technician-intermediate, emergency medical technician-advanced intermediate, or emergency medical technician-paramedic.

(7) "Medical control" means the management and accountability for the medical care aspects of a mobile intensive care program. It entails physician direction and oversight of the training of the field technicians; development and monitoring of both operational and treatment protocols; evaluation of the medical care rendered by the mobile intensive care personnel; participation in system evaluation; and directing, by radio or telephone, the medical care rendered by the field technicians.

(8) "Medical director" means the physician responsible for the medical aspects of the management of a mobile intensive care program.

(9) "Mobile intensive care nurse (MICN)" means a registered nurse who has been approved or reapproved by the Board of Medical Examiners to issue instructions to field technicians in accordance with protocols approved by the sponsor hospital and under the direction of the responsible physician.

(10) "Mobile intensive care program" means a program of pre-hospital emergency medical care whereby definitive medical care is delivered to a victim of sudden injury or illness by appropriately trained and certified prehospital technicians operating under the direction of a sponsor hospital. All mobile intensive care programs shall conform to the criteria established in the rules contained in this Subchapter and must be approved by the Office of Emergency Medical Services.

(11) "Mobile intensive care unit" means any emergency vehicle staffed by field technicians and equipped in accordance with standards established by the North Carolina Medical Care Commission as found in 10 NCAC 3M .0202, .0203, .0204, and .0205 to provide remote intensive care to sick and injured persons at the scene of a medical emergency and during transport to a health care facility.

(12) "Oral interview panel" means a committee that is composed of physicians and nurses whose responsibility is to interview each applicant for certification or approval, either collectively or individually, and evaluate his suitability to perform successfully at the certification level sought. The panel must consist of a minimum of three members with a majority being physicians appointed by the medical director of the mobile intensive care program in which the oral interview panel is functioning.

(13) "Office of Emergency Medical Services" means an official agency of the State of North Carolina, Department of Human Resources, that serves in an administrative capacity to the Board of Medical Examiners.

(14) "Physician" means an individual licensed by the Board of Medical Examiners to practice medicine in the State of North Carolina.

(15) "Sponsor hospital" means a hospital and its medical staff which actively participates in a mobile intensive care program and has responsibility for providing or ensuring the provision of training and medical direction to the field technicians. The sponsor hospital shall meet criteria adopted by the Board of Medical Examiners and be approved by the Office of Emergency Medical Services.

(16) "Study project" means a proposal involving exceptions to the provisions of this Subchapter for the purpose of evaluating the efficiency and effectiveness of alternate means of providing mobile intensive care services to the citizens of North Carolina.

SECTION .0200—PROGRAM STANDARDS AND APPROVAL

.0201 MOBILE INTENSIVE CARE PROGRAM CRITERIA

Mobile intensive care programs shall cover a defined service area of generally not less than one county and must have the following:

(1) a plan, as specified in Rule .0302 of this Subchapter, for the coordination of the sponsor hospitals participating in the program;

(2) a designated medical director who shall be responsible either directly or by clearly established delegation to the other licensed physicians at the sponsor hospital for the following:
   (a) the initial establishment and periodic updating of treatment protocols;
   (b) medical supervision of the selection, initial training, continuing education and performance of the field technicians and MICN personnel;
   (c) the medical review of the care provided to patients;
   (d) keeping the care provided up-to-date with advanced biomedical science and technology; and
   (e) participation in the overall management of the mobile intensive care program in liaison with nursing, technical, and administrative staff of the program. The medical director has the authority to suspend temporarily, pending formal review, a field technician or MICN from further participation in the mobile intensive care program when in his determination the activities or medical care rendered by such personnel may be detrimental to the care of the patient.

(3) an organized and defined system of communications that provides for:
   (a) public access through a central medical communications center preferably utilizing a single, well-publicized telephone number;

(b) dispatch and coordination of all resources (man-power, vehicles and equipment) essential to the effective and efficient management of requests for emergency medical assistance;
(c) communications linkages for interacting with other public safety agencies to obtain additional resources required to support emergency medical services activities; and
(d) two-way voice communications as specified in Rule .0303 (a)(2)(I) of this Subchapter between the field technicians and the personnel at the sponsor hospital responsible for directing the medical treatment rendered by the technicians.

(4) adequate certified manpower to ensure that the program will be continuously available on a 24 hour-a-day basis; and
(5) an audit and review panel that meets on a regular basis and whose responsibilities include at least the following:
(a) reviewing mobile intensive care cases to determine the appropriateness of the medical care rendered by all personnel involved in the cases;
(b) making recommendations to the medical director for the continuing education program for mobile intensive care personnel; and
(c) reviewing the policies, procedures and protocols for the mobile intensive care program and making recommendations for improvement.

.0202 PROGRAM APPROVAL

(a) A complete proposal to establish a mobile intensive care program must be submitted to the Office of Emergency Medical Services at least 60 days prior to the planned field implementation of the program.
(b) The proposal must demonstrate that the program meets the standards found in Rule .0201 of this Section and must follow the format specified by the Office of Emergency Medical Services.

SECTION .0300—HOSPITAL UTILIZATION

.0301 HOSPITAL INVOLVEMENT

Hospital and hospital medical staff participation in the establishment, operation and ongoing evaluation of mobile intensive care programs is essential. The role of each participating hospital within the service area of a mobile intensive care program must be defined, and the operational procedures outlined and agreed to by all participants so as to help ensure proper coordination. Hospitals approved by the Office of Emergency Medical Services as a sponsor hospital may provide services utilizing mobile intensive care personnel for the delivery of emergency medical care to the sick and injured at the scene of an emergency and during training of the technicians. While functioning pursuant to these rules, the field technicians shall be under the control and supervision of the physician or approved MICN of the sponsor hospital from which they are receiving instructions.

.0302 PLAN FOR PARTICIPATING HOSPITALS

(a) Each mobile intensive care program shall have a written plan which outlines the roles and responsibilities of each of the hospitals that will function as a sponsor hospital in the program. The plan shall allow for the participating of all hospitals within the service area of the mobile intensive care program that meet the sponsor hospital criteria even though one or more hospitals may not want to participate at the initiation of the program. One hospital shall be designated as being administratively responsible for the mobile intensive care program and as such have overall responsibility for coordination of the program and ensuring compliance with the requirements of this Subchapter. Changes in this designation must be approved by the Office of Emergency Medical Services.
(b) The plan shall be approved by the chief of staff and chief executive officer of each participating hospital and shall include at a minimum:
(1) a description of the role each hospital is to have in the mobile intensive care program;
(2) a description of the operational procedures to be followed by the mobile intensive care personnel to obtain medical direction;

(3) the treatment protocols to be utilized in the program and a description of the procedure to be followed to modify them;
(4) a description of how the audit and review function will be established and carried out;
(5) a description of the methodology for providing continuing education for the mobile intensive care personnel; and
(6) a description of the mechanism for providing physician backup to the MICN personnel in programs where they are utilized.

.0303 SPONSOR HOSPITAL

(a) To be approved by the Office of Emergency Medical Services as a sponsor hospital, a hospital must:
(1) demonstrate that it will function as part of a mobile intensive care program in accordance with a plan meeting the requirements of Rule .0302 of this Section;
(2) meet the following criteria:
(A) have an active cardiac care unit or intensive care unit of at least four beds if the mobile intensive care program is functioning at the EMT-P level;
(B) have, at a minimum, MICN coverage available 24 hours per day in the emergency department or critical care unit for communication with the field technicians;
(C) ensure 24 hour availability of a registered nurse who is primarily responsible to meet mobile intensive care patients upon arrival at the emergency department;
(D) have a physician available to provide backup to the MICN issuing instructions to the field technicians;
(E) appoint a registered nurse to act as a liaison between the field technicians and the hospital;
(F) appoint a physician to serve as a medical director or liaison to the medical director of the mobile intensive care program;
(G) have written support letters for the program from both the chief executive officer and chief of staff of the hospital;
(H) establish or participate in an audit and review panel that meets regularly;
(I) have access to and operate a communications system that will provide, at a minimum, two-way voice communications to mobile intensive care field technicians anywhere in the service area of the mobile intensive care program. The communications system shall provide for communication from the onset of patient treatment through the delivery of the patient at the medical treatment facility. The communications system shall be operational 24 hours per day and shall allow for initiation of communication by either the field technicians or by the sponsor hospital that is directing the patient care procedures and treatment;
(J) provide orientation regarding the mobile intensive care program to appropriate medical and nursing personnel at the hospital;
(K) have treatment protocols adopted by the medical staff covering the performance of field technicians which are consistent with those being used throughout the mobile intensive care program;
(L) provide or ensure provision of a continuing education program of at least four hours per month for mobile intensive care personnel; and
(M) provide or ensure provision of supervised clinical experience for those participating in the training program.

(b) In addition, the sponsor hospital designated as administratively responsible for the mobile intensive care program must have a physician in the emergency department 24 hours a day who is available to give orders and medical direction to the field technicians. For mobile intensive care programs that do not have a participating hospital within their area with a physician in the emergency department 24 hours a day, this requirement may be met by the sponsor hospital designated as administratively responsible for the program defining a mechanism to provide physician backup to the MICN and medical direction to the field technicians.

.0304 RESOURCE HOSPITAL (REPEALED)

SECTION .0400—TRAINING AND PERFORMANCE OF MOBILE INTENSIVE CARE PERSONNEL

.0401 TRAINING PROGRAMS

(a) A training program intended to qualify personnel as field technicians or MICNs must be approved by the Office of Emergency Medical Services. Proposals for training programs must be submitted for approval at least 20 days prior to the date on which training is scheduled to start.

(b) Field technician trainees may perform the services and functions permitted by the rules contained in this Subchapter for their certification level during:

(1) the clinical training portion of an approved training program while caring for patients in the sponsor hospital, provided that the related didactic work has been completed and that they are under the direct supervision of a physician or registered nurse;

(2) a field internship provided that:

(A) the related didactic and clinical work of an approved training program has been completed;

(B) they are directly supervised and accompanied by a field technician certified at a like or higher certification level or a physician; and

(C) the internship is conducted within a mobile intensive care program approved at the same or higher certification level for which the personnel are being trained.

.0402 EMERGENCY MEDICAL TECHNICIAN-PARAMEDIC PERFORMANCE

EMT-Ps trained in approved training programs, certified by the Board of Medical Examiners to perform medical acts, and functioning in an approved mobile intensive care program may do any of the following in accordance with the protocols established by their sponsor hospital:

(1) While at the scene of a medical emergency where the capability of continuous two-way voice communication, or the capability of continuous two-way voice communication supplemented by a telemetered electrocardiogram, is maintained with a physician or approved MICN located in the sponsor hospital, and upon order of such physician or MICN:

(a) establish an intravenous line in a peripheral vein and administer any intravenous solution approved by the Board of Medical Examiners for use by EMT-Ps;

(b) obtain blood for laboratory analysis;

(c) administer parenterally, orally, sublingually, or topically any of the drugs approved by the Board of Medical Examiners for use by EMT-Ps;

(d) perform pulmonary ventilation by means of an esophageal obturator airway, esophageal gastric tube airway, or endotracheal tube;

(e) perform defibrillation or cardioversion;

(f) use gas-powered or hand-powered nebulizers;

(g) decompress a tension pneumothorax by use of a catheter-flutter-valve device;

(h) use positive end expiratory pressure respirators;

(i) perform cricothyrotomy for relief of upper airway obstruction;

(j) perform gastric suction by intubation;

(k) perform urinary catheterization; and

(l) perform external cardiac pacing.

(2) When confronted with a pulseless non-breathing patient, perform cardiopulmonary resuscitation, defibrillation, pulmonary ventilation by means of an esophageal obturator airway, esophageal gastric tube airway, or endotracheal tube, and administer appropriate cardiac drugs prior to contacting the sponsor hospital.

(3) Establish an intravenous line in a peripheral vein and administer any intravenous solution approved by the Board of Medical Examiners for use by EMT-Ps prior to contacting the sponsor hospital. If the intravenous line is not

successfully established after two attempts, the EMT-P must contact the sponsor hospital prior to making another attempt.

.0403 EMERGENCY MEDICAL TECHNICIAN-INTERMEDIATE PERFORMANCE

EMT-Is trained in approved training programs, certified by the Board of Medical Examiners to perform medical acts, and functioning in an approved mobile intensive care program may do any of the following in accordance with the protocols established by their sponsor hospital:

(1) While at the scene of a medical emergency where the capability of continuous two-way voice communication is maintained with aphysician or approved MICN located in the sponsor hospital, and upon order of such physician or MICN:
   (a) establish an intravenous line and administer the following solutions by intravenous infusion:
      (i) dextrose 5 percent in water;
      (ii) lactated ringer's solution;
      (iii) normal saline; and
      (iv) dextrose 50 percent;
   (b) perform pulmonary ventilation by means of an esophageal obturator airway or esophageal gastric tube airway;
   (c) obtain blood for laboratory analysis; and
   (d) administer subcutaneously 1:1000 epinephrine to treat systemic allergic reactions.

(2) When confronted with a pulseless, non-breathing patient, perform cardiopulmonary resuscitation including, when appropriate, defibrillation by means of an automatic or semi-automatic defibrillator, pulmonary ventilation by means of an esophageal obturator airway, esophageal gastric tube airway and establish an intravenous line in a peripheral vein when assisting an EMT-Paramedic, prior to contacting the sponsor hospital.

.0404 MOBILE INTENSIVE CARE NURSE PERFORMANCE

MICNs currently approved by the Board of Medical Examiners, while functioning under the direction of a physician in the sponsor hospital of an approved mobile intensive care program, may direct field technicians to perform actions as defined in the adopted patient care protocols for that mobile intensive care program.

.0405 TECHNICIAN PERFORMANCE IN THE PRESENCE OF A PHYSICIAN

When there is a physician licensed to practice medicine present at the scene of a medical or traumatic emergency and that physician chooses to assume medical responsibility for the patient, the field technicians at the scene shall:

(1) require and allow that physician to contact the sponsor hospital and the physician who receives the call at the sponsor hospital shall make the decision as to whether or not the physician on the scene is to be allowed to take charge of the patient and give orders;
(2) if the physician on the scene is allowed to take charge, permit that physician's orders to take precedence over all other procedures or protocol normally utilized within that mobile intensive care program; and
(3) follow the orders of the physician within the limits enumerated in Rules .0402, .0403, .0406 and .0407 of this Section.

.0406 EMERGENCY MEDICAL TECHNICIANS: ADVANCED INTERMEDIATE PERFORMANCE

EMT-advanced intermediates trained in approved training programs, certified by the Board of Medical Examiners to perform medical acts, and functioning in an approved mobile intensive care program may do any of the following in accordance with the protocols established by their sponsor hospital:

(1) While at the scene of a medical emergency where the capability of continuous two-way voice communication is maintained with a physician or approved MICN located in the sponsor hospital, and upon order of such physician or MICN may:

(a) establish an intravenous line in a peripheral vein and administer any intravenous solution approved by the Board of Medical Examiners for use by EMT-advanced intermediates;
(b) obtain blood for laboratory analysis;
(c) administer parenterally, orally, sublingually, or topically any of the drugs approved by the Board of Medical Examiners for use by EMT-AIs;
(d) administer subcutaneously 1:1000 epinephrine to treat systemic allergic reactions;
(e) perform pulmonary ventilation by means of an esophageal obturator airway, esophageal gastric tube airway, or endotracheal tube;
(f) perform defibrillation; and
(g) perform external cardiac pacing.

(2) When confronted with a pulseless, non-breathing patient, perform cardiopulmonary resuscitation, defibrillation, pulmonary ventilation by means of an esophageal obturator airway, esophageal gastric tube airway, or endotracheal tube and administer appropriate cardiac drugs prior to contacting the sponsor hospital.

.0407 EMERGENCY MEDICAL TECHNICIANS: DEFIBRILLATION PERFORMANCE

EMT-Ds technicians trained in approved programs, certified by the Board of Medical Examiners to perform medical acts, and functioning in an approved mobile intensive care program may, when confronted with a pulseless non-breathing patient, perform defibrillation by means of an automatic or semi-automatic defibrillator. Defibrillation may be performed prior to contacting the sponsor hospital.

SECTION .0500—CERTIFICATION AND APPROVAL REQUIREMENTS FOR MOBILE INTENSIVE CARE PERSONNEL

.0501 CERTIFICATION REQUIREMENTS: EMT-PARAMEDIC

(a) To become certified as an EMT-P, a person shall meet the following criteria:
(1) be currently certified as an emergency medical technician in the State of North Carolina;
(2) be affiliated on a continuous basis with an ambulance provider that has been issued a permit by the Office of Emergency Medical Services and functions as part of an approved mobile intensive care program;
(3) present evidence that he is of suitable character and physically capable of performing as an EMT-P;
(4) successfully complete, within one year of application, an EMT-P training course approved the the Office of Emergency Medical Services, following guidelines established by the Board of Medical Examiners. If the training was completed over one year prior to application, a person must submit evidence of completion of pertinent refresher training in emergency medicine taken in the past year and have the training approved by the Office of Emergency Medical Services;
(5) successfully complete a performance evaluation conducted under the direction of the medical director or the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0402 of this Subchapter;
(6) be recommended for certification upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;
(7) pass a basic life support practical examination approved or administered by the Office of Emergency Medical Services; and
(8) pass the EMT-P written examination administered by the Office of Emergency Medical Services.

(b) Persons holding current certification as an EMT-P with the National Registry of Emergency Medical Technicians or in another state where the training and certification requirements have been approved for reciprocity by the Office of Emergency Medical Services may become certified by:
(1) presenting evidence of such certification for verification by the Office of Emergency Medical Services; and

(2) meeting the criteria specified in Subparagraphs (a)(1), (a)(2), (a)(3), (a)(5), and (a)(6) of this Rule.

(c) Certification obtained through reciprocity shall be valid for two years or the unexpired term of the certification that was used to obtain a certification in this state, whichever is shorter. All certifications shall be valid for the period stated on the certificate issued to the applicant. This period shall not exceed two years. Persons must be recertified by presenting documentation to the Office of Emergency Medical Services that they have successfully completed either of the following options:

OPTION I:

(1) an ongoing continuing education program under the direction of the medical director, approved by the Office of Emergency Medical Services following guidelines approved by the Board of Medical Examiners;

(2) an advanced life support performance evaluation conducted under the direction of the medical director following guidelines established by the Board of Medical Examiners, assessing the ability to perform the skills specified in Rule .0402 of this Subchapter; and

(3) basic life support practical and EMT-P written examinations administered by the Office of Emergency Medical Services or

OPTION II:

(1) the criteria specified in Subparagraph (c)(1) and (c)(2) of OPTION I of this Rule;

(2) at least one basic life support skills evaluation conducted under the direction of the medical director assessing the ability to perform the skills required of an emergency medical technician as specified by the North Carolina Medical Care Commission following guidelines established by the Board of Medical Examiners; and

(3) at least one EMT-P written examination administered under the direction of the medical director in compliance with the test specifications of the state EMT-P written examination and the guidelines established by the Board of Medical Examiners.

.0502 CERTIFICATION REQUIREMENTS: EMT-INTERMEDIATE

(a) To become certified as an EMT-I, a person shall meet the following criteria:

(1) be currently certified as an emergency medical technician in the State of North Carolina;

(2) be affiliated on a continuous basis with an ambulance provider that has been issued a permit by the Office of Emergency Medical Services and functions as part of an approved mobile intensive care program;

(3) present evidence that he is of suitable character and physically capable of performing as an EMT-I;

(4) successfully complete, within one year of application, an EMT-I training course approved the the Office of Emergency Medical Services, following guidelines established by the Board of Medical Examiners. If the training was completed over one year prior to application, a person must submit evidence of completion of pertinent refresher training in emergency medicine and have the training approved by the Office of Emergency Medical Services;

(5) successfully complete a performance evaluation conducted under the direction of the medical director of the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0403 of this Subchapter;

(6) be recommended for certification upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;

(7) pass a basic life support practical examination approved or administered by the Office of Emergency Medical Services; and

(8) pass the EMT-I written examination administered by the Office of Emergency Medical Services.

(b) Persons holding current certification as an EMT-I with the National Registry of Emergency Medical Technicians or in another state where the training and certification requirements have been approved for reciprocity by the Office of Emergency Medical Services may become certified by:
(1) presenting evidence of such certification for verification by the Office of Emergency Medical Services; and
(2) meeting the criteria specified in Subparagraphs (a) (1), (a) (2), (a) (3), (a) (5), and (a) (6) of this Rule.

(c) Certification obtained through reciprocity shall be valid for two years or the unexpired term of the certification that was used to obtain a certification in this state, whichever is shorter. All certifications shall be valid for the period stated on the certificate issued to the applicant. This period shall not exceed two years. Persons must be recertified by presenting documentation to the Office of Emergency Medical Services that they have successfully completed either of the following options:

OPTION I:
(1) an ongoing continuing education program under the direction of the medical director, approved by the Office of Emergency Medical Services following guidelines established by the Board of Medical Examiners;
(2) an advanced life support performance evaluation conducted under the direction of the medical director following guidelines established by the Board of Medical Examiners, assessing the ability to perform the skills specified in Rule .0403 of this Subchapter; and
(3) basic life support practical and EMT-I written examinations administered by the Office of Emergency Medical Services or

OPTION II:
(1) the criteria specified in Subparagraph (c)(1) and (c)(2) of OPTION I of this Rule;
(2) at least one basic life support skills evaluation conducted under the direction of the medical director assessing the ability to perform the skills required of an emergency medical technician as specified by the North Carolina Medical Care Commission following guidelines established by the Board of Medical Examiners; and
(3) at least one EMT-I written examination administered under the direction of the medical director in compliance with the test specifications of the state EMT-I written examination and the guidelines established by the Board of Medical Examiners.

.0503 APPROVAL REQUIREMENTS: MOBILE INTENSIVE CARE NURSE

(a) To be approved as a MICN, a person must meet the following criteria:
(1) be currently licensed as a registered nurse in the State of North Carolina;
(2) be affiliated on a continuous basis with a sponsor hospital which is part of an approved mobile intensive care program;
(3) have a minimum of two years emergency or critical care nursing experience, or a combination of this experience;
(4) present evidence of successful completion of an Emergency Nurse Education Program that included current information taught in Advanced Cardiac Life Support and Basic Trauma Life Support courses;
(5) complete a minimum of five emergency calls on a field ambulance that requires a patient to be transported; and
(6) be recommended by the medical director of the mobile intensive care program after determining that the applicant is adequately familiar with the patient care protocols of the mobile intensive care program.

(b) Approval shall be valid for a period not to exceed two years at which time the person may be reapproved by either of the following options:

OPTION I:
(1) present evidence of current certification in Advanced Cardiac Life Support;
(2) present evidence of current certification in Basic Trauma Life Support or equivalent;

(3) be recommended by the medical director of the mobile intensive care program after an audit of at least ten calls supervised by the applicant; and
(4) complete a minimum of five emergency calls on a field ambulance that requires a patient to be transported; or

OPTION II:

(1) complete a minimum of 48 hours of continuing medical education approved by the local audit and review Panel;
(2) pass a written examination administered by the Office of Emergency Medical Services which evaluates current information contained in Advanced Cardiac Life Support and Basic Trauma Life Support courses;
(3) be recommended by the medical director of the mobile intensive care program after an audit of a least ten calls supervised by the applicant; and
(4) complete a minimum of five emergency calls on a field ambulance that requires a patient to be transported.

.0504 CERTIFICATION REQUIREMENTS: EMT-ADVANCED INTERMEDIATE

(a) To become certified as an EMT-AI, a person shall meet the following criteria:
(1) be currently certified as an emergency medical technician in the State of North Carolina;
(2) be affiliated on a continuous basis with an ambulance provider that has been issued a permit by the Office of Emergency Medical Services and functions as part of an approved mobile intensive care program;
(3) present evidence that he is of suitable character and physically capable of performing as an EMT-AI;
(4) successfully complete, within one year of application, an EMT-AI training course approved by the Office of Emergency Medical Services, following guidelines established by the Board of Medical Examiners. If the training was completed over one year prior to application, a person must submit evidence of completion of pertinent refresher training in emergency medicine taken in the past year and have the training approved by the Office of Emergency Medical Services;
(5) successfully complete a performance evaluation conducted under the direction of the medical director of the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0406 of this Subchapter;
(6) be recommended for certification upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;
(7) pass a basic life support practical examination approved or administered by the Office of Emergency Medical Services; and
(8) pass the EMT-AI written examination administered by the Office of Emergency Medical Services.

(b) Persons holding current certification equivalent to an EMT-AI with the National Registry of Emergency Medical Technicians or in another state where the training and certification requirements have been approved for reciprocity by the Office of Emergency Medical Services may become certified by:
(1) presenting evidence of such certification for verification by the Office of Emergency Medical Services; and
(2) meeting the criteria specified in Subparagraphs (a)(1), (a)(2), (a)(3), (a)(5), and (a)(6) of this Rule.

(c) Certification obtained through reciprocity shall be valid for two years or the unexpired term of the certification that was used to obtain a certification in this state, whichever is shorter. All certifications shall be valid for the period stated on the certificate issued to the applicant. This period shall not exceed two years. Persons must be recertified by presenting documentation to the Office of Emergency Medical Services that they have successfully completed either of the following options:

OPTION I:

(1) an ongoing continuing education program under the direction of the medical director, approved by the Office of Emergency Medical Services following guidelines established by the Board of Medical Examiners;

(2) an advanced life support performance evaluation conducted under the direction of the medical director following guidelines established by the Board of Medical Examiners, assessing the ability to perform the skills specified in Rule .0406 of this Subchapter; and

(3) basic life support practical and EMT-AI written examinations administered by the Office of Emergency Medical Services; or

OPTION II:

(1) the criteria specified in Subparagraph (c)(1) and (c)(2) of OPTION I of this Rule;

(2) at least one basic life support skills evaluation conducted under the direction of the medical director assessing the ability to perform the skills required of an emergency medical technician as specified by the North Carolina Medical Care Commission following guidelines established by the Board of Medical Examiners; and

(3) at least one EMT-AI written examination administered under the direction of the medical director in compliance with the test specifications of the state EMT-AI written examination and the guidelines established by the Board of Medical Examiners.

.0505 CERTIFICATION REQUIREMENTS: EMT-DEFIBRILLATION

(a) To become certified as an EMT-D, a person shall meet the following criteria:

(1) be currently certified as an emergency medical technician in the State of North Carolina;

(2) be affiliated on a continuous basis with an ambulance provider that has been issued a permit by the Office of Emergency Medical Services and functions as part of an approved mobile intensive care program;

(3) present evidence that he is of suitable character and physically capable of performing as an EMT-D;

(4) successfully complete, within one year of application, an EMT-D training course approved by the Office of Emergency Medical Services, following guidelines established by the Board of Medical Examiners. If the training was completed over one year prior to application, a person must submit evidence of completion of pertinent refresher training in emergency medicine taken in the past year and have the training approved by the Office of Emergency Medical Services;

(5) successfully complete a performance evaluation conducted under the direction of the medical director of the mobile intensive care program assessing his ability to perform the skills and procedures specified in Rule .0407 of this Subchapter;

(6) be recommended for certification upon examination by an oral interview panel established by the mobile intensive care program in which he is proposing to function;

(7) pass a basic life support practical examination approved or administered by the Office of Emergency Medical Services; and

(8) pass the EMT-D written examination administered by the Office of Emergency Medical Services.

(b) Persons holding current certification equivalent to an EMT-D with the National Registry of Emergency Medical Technicians or in another state where the training and certification requirements have been approved for reciprocity by the Office of Emergency Medical Services may become certified by:

(1) presenting evidence of such certification for verification by the Office of Emergency Medical Services; and

(2) meeting the criteria specified in Subparagraphs (a)(1), (a)(2), (a)(3), (a)(5), and (a)(6) of this Rule.

(c) Certification obtained through reciprocity shall be valid for two years or the unexpired term of the certification that was used to obtain a certification in this state, whichever is shorter. All certifications shall be valid for the period

stated on the certificate issued to the applicant. This period shall not exceed two years. Persons must be recertified by presenting documentation to the Office of Emergency Medical Services that they have successfully completed either of the following options:

OPTION I:

(1) an ongoing continuing education program under the direction of the medical director, approved by the Office of Emergency Medical Services following guidelines established by the Board of Medical Examiners;

(2) an advanced life support performance evaluation conducted under the direction of the medical director following guidelines established by the Board of Medical Examiners, assessing the ability to perform the skills specified in Rule .0407 of this Subchapter; and

(3) basic life support practical and EMT-D written examinations administered by the Office of Emergency Medical Services; or

OPTION II:

(1) the criteria specified in Subparagraph (c)(1) and (c)(2) of OPTION I of this Rule;

(2) at least one basic life support skills evaluation conducted under the direction of the medical director assessing the ability to perform the skills required of an emergency medical technician as specified by the North Carolina Medical Care Commission following guidelines established by the Board of Medical Examiners; and

(3) at least one EMT-D written examination administered under the direction of the medical director in compliance with the test specifications of the state EMT-D written examination and the guidelines established by the Board of Medical Examiners.

SECTION .0600—ENFORCEMENT

.0601 GROUNDS FOR DENIAL: SUSPENSION: OR REVOCATION

(a) The Board of Medical Examiners may deny, suspend or revoke the approval of a mobile intensive care program or sponsor hospital for any of the following reasons:

(1) failure to comply with the requirements as found in Sections .0200 and .0300 of this Subchapter; or

(2) obtaining approval through fraud or misrepresentation.

(b) The Board of Medical Examiners may deny, suspend or revoke the certification of a field technician or the approval of a MICN for any of the following reasons:

(1) failure to comply with the applicable performance and certification and approval requirements as found in Rules .0402, .0403, .0404, .0406, .0407, .0501, .0502, .0503, .0504, .0505, of this Subchapter;

(2) obtaining certification or approval through fraud or misrepresentation;

(3) failure to perform a prescribed procedure, failure to perform a prescribed procedure competently or performance of a procedure which is not within the scope and responsibility of the certificate holder; or

(4) performance of a procedure which is detrimental to the health and safety of a patient.

.0602 PROCEDURES FOR DENIAL: SUSPENSION OR REVOCATION

(a) The Board of Medical Examiners may deny, suspend or revoke the certification of a field technician or the approval of a MICN, sponsor hospital, or mobile intensive care program in accordance with Article 3A of Chapter 150B.

(b) Notwithstanding Paragraph (a) of this Rule, the Board of Medical Examiners may summarily suspend the certification of a field technician or the approval of a MICN, sponsor hospital, or mobile intensive care program as specified in G.S. 150B-3(c).

.0603 EFFECTIVE DATE (REPEALED)

SECTION .0700—EXCEPTIONS

.0701 CONDITIONS

Upon application of interested citizens in North Carolina, the Board of Medical Examiners is authorized to and reserves the right to approve the furnishing and providing of mobile intensive care programs in North Carolina by persons who have been approved to provide these services by an agency of a state adjoining North Carolina. This approval may be granted where the Board of Medical Examiners finds and concludes that the requirements enumerated in Rule .0201 of this Subchapter for mobile intensive care programs cannot be reasonably obtained by reason of lack of geographical access.

.0702 REQUESTS

All requests for any exception of any Rule of this Subchapter must be submitted in writing to the Office of Emergency Medical Services for presentation to the Board of Medical Examiners.

SECTION .0800—FORMS

.0801 REQUIRED FORMS

The following forms are required for certification or approval:

(1) Certification Application Form;
(2) EMT-I Verification Form;
(3) EMT-AI Verification Form;
(4) EMT-P Verification Form;
(5) EMT-D Verification Form;
(6) MICN Verification Form;

.0802 SOURCE OF FORMS

Forms may be secured from the Office of Emergency Medical Services, Division of Facility Services, Department of Human Resources, 701 Barbour Drive, Raleigh, N. C. 27603, (919) 733-2285.

SECTION .0900—STUDY PROJECTS

.0901 CONDITIONS

(a) Persons proposing to undertake a study project shall have a project director who is a physician licensed to practice medicine in the State of North Carolina and shall submit a written proposal to the Office of Emergency Medical Services for presentation to the Board of Medical Examiners. The proposal must include the following:
  (1) a description of the purpose of the project, an explanation of the proposed project, the methodology to be used in implementing the project, and the geographical area to be covered by the proposed project;
  (2) a list of the mobile intensive care programs, ambulance providers, and hospitals participating in the project;
  (3) a signed statement of endorsement from the medical director of each participating mobile intensive care program, the chief executive officer of each participating hospital, and the director of each participating ambulance provider;
  (4) a description of the skills to be utilized by the field technicians if different from those specified in this Subchapter, the provisions for training and supervising the personnel who are to utilize these skills and the names of such personnel; and
  (5) the name and signature of the project director attesting to his approval of the proposal.
(b) The hospitals and ambulance providers participating in the project must be part of an approved mobile intensive care program.
(c) The time period for the project shall not exceed three years.
(d) Only one project on any given subject shall be conducted within the state at any given time.

(e) When considering any study project, the Board of Medical Examiners may, at its discretion, require additional conditions to be met.

.0902 STUDY PROJECT APPROVAL

(a) The Board of Medical Examiners may grant approval to any project which is found to comply with the conditions specified in this Section.

(b) Project approval shall be granted for a period of one year from the date of approval by the Board of Medical Examiners. Approval for continuation beyond this period by the Board of Medical Examiners shall be based on the achievement of satisfactory progress as evidenced in written progress reports to be submitted to the Office of Emergency Medical Services at least 90 days prior to the end of the approved year.

(c) Approval of a project by the Board of Medical Examiners shall constitute approval of the personnel listed in the proposal to exercise the specified skills as participants in the project. The project director shall submit the names of additional personnel to the Office of Emergency Medical Services for approval by the Board of Medical Examiners prior to using additional personnel in the project.

(d) The Board of Medical Examiners may rescind approval of the study project at any time.

.0903 STUDY RECOMMENDATIONS

At least six months prior to the planned completion of the study project, the project director shall submit to the Office of Emergency Medical Services a report of the preliminary findings of the project and any recommendations for changes in this Subchapter.

SECTION .1000—MEDICAL CONTROL

.1001 MEDICAL CONTROL PROCEDURES

Each mobile intensive care program must have procedures established to ensure medical control over the medical care rendered in the mobile intensive care program. This shall include, at a minimum:

(1) a designated medical director to carry out the tasks as specified in Rule .0201 (2)(a)-(e) of this Subchapter;

(2) treatment protocols;

(3) operational protocols for obtaining medical direction from the sponsor hospital(s); and

(4) audit and review of the medical care rendered in the program.

.1002 MEDICAL CONTROL FROM HOSPITAL OUTSIDE SERVICE AREA

Field technicians transporting patients to a facility other than their own sponsor hospital may receive orders from the facility to perform the skills allowed in Section .0400 of this Subchapter provided that:

(1) the facility is a sponsor hospital;

(2) the care level of the Advanced Life Support orders issued is consistent with the hospital's approved level of sponsorship;

(3) the patient care protocols used by the receiving facility are consistent with those of the provider;

(4) the respective audit and review committees establish a mechanism for the routine exchange of information;

(5) the field technicians establish and maintain two-way voice communications with the receiving facility; and

(6) the Office of Emergency Medical Services has received and approved documentation from the administrator and medical director of each facility specifying how paragraphs (1) through (5) of this Rule have been met.

.1003 MEDICAL CONTROL FOR TRANSPORTS BETWEEN FACILITIES

Field technicians transporting patients between facilities may accept orders from sponsor hospitals other than their own sponsor hospital provided that:

(1) the care level of the advanced life support orders issued is consistent with the hospital's approved level of sponsorship;
(2) the patient is transported to the hospital issuing the orders; and
(3) the field technicians establish and maintain two-way voice communications with the hospital issuing the orders.

.1004 AIR AMBULANCE PROGRAM CRITERIA

(a) Air ambulance programs operating under the authority of 10 NCAC 3D .0101(b) (4) (B) must submit a proposal for program approval to the Office of Emergency Medical Services at least 60 days prior to field implementation. The proposal must document that the program has:
(1) a defined service area;
(2) a physician medical director responsible for:
(A) the establishment and updating of treatment and transfer protocols;
(B) medical supervision of the selection, training, and performance of medical crew members as defined in 10 NCAC 3D .0115;
(C) the medical review of patient care; and
(D) medical management of the program. Pending formal review, the medical director may temporarily suspend from the program any medical crew member whose actions or medical care are determined to be detrimental to patient care;
(3) adequate medical crew members trained, in accordance with 10 NCAC 3D .0115, to ensure that the program will be continuously available on a 24 hour-a-day basis;
(4) an audit and review panel which meets on a regular basis to:
(A) review cases and determine the appropriateness of medical care rendered;
(B) make recommendations to the medical director about the continuing education needed by medical crew members; and
(C) review and revise policies, procedures, and protocols for the program;
(5) patient transfer protocols that have been reviewed and approved by the Office of Emergency Medical Services.

(b) Air ambulance programs based outside of North Carolina may be granted approval by the Office of Emergency Medical Services to operate in North Carolina under 10 NCAC 3D .0101(b) (4) (B) by submitting a proposal for program approval. The proposal must document that the program meets all criteria specified in Paragraph (a) of this Rule.

SUBCHAPTER 32I—EPINEPHRINE FOR ADVERSE REACTIONS TO INSECT STINGS

.0001 REQUIREMENTS FOR APPROVAL

Individuals who desire to be considered for approval by the Board of Medical Examiners to administer epinephrine to persons who suffer adverse reaction to insect stings shall present evidence to the satisfaction of the Board that such individual possesses and has met the following requirements:
(1) completed a training program designed to instruct individuals in the appropriate use of procedures for the administration of epinephrine to persons who suffer adverse reactions to insect stings as outlined in 21 NCAC 32I .0002 hereof;
(2) be 18 years of age or older; and
(3) be of good moral character, not having violated any law of Chapter 90 of the General Statutes or any Rule adopted under that Chapter.

.0002 TRAINING PROGRAMS

Programs shall be taught by a physician licensed to practice medicine in the State of North Carolina, to include but not be limited to the following:
(1) definition of anaphylaxis;
(2) agents which might cause anaphylaxis and the distinction between them, including:

(a) drugs,
(b) insects,
(c) foods,
(d) inhalents;
(3) recognition of symptoms of anaphylaxis;
(4) appropriate emergency treatment of anaphylaxis as a result of insect stings;
(5) availability and nature of packages containing equipment for administering to anaphylaxis as a result of insect stings;
(6) pharmacology of epinephrine:
(a) indications,
(b) contraindications,
(c) side effects;
(7) discussion of legal implications of rendering aid; and
(8) instruction that treatment is to be utilized only in the absence of the availability of physicians or other practitioners who are authorized to administer the treatment.

.0003 APPROVAL

A certification by the physician from whom the individual has received instruction as required in Rule .0002 of this Subchapter, certifying that such individual has satisfactorily completed such training program shall be filed with the N.C. Office of Emergency Medical Services. Upon recommendation of the Office of Emergency Medical Services, the Board will approve applicants to administer epinephrine for the treatment of adverse reactions to insect stings. This approval will be effective for one year.

.0004 FORMS

Forms may be obtained from the Office of Emergency Medical Services, Division of Facility Services, Department of Human Resources, 701 Barbour Drive, Raleigh, N.C. 27603.

SUBCHAPTER 32J—REINSTATEMENT OF SUSPENDED LICENSE

.0001 APPLICATION FOR REINSTATEMENT

An individual whose license issued by the Board has been suspended pursuant to the provisions of G.S. 90-14(a)(10) by reason of adjudication of mental incompetency may apply to the Board for reinstatement of such license. Such application for reinstatement of license shall be made in writing by letter to the Executive Secretary of the Board addressing the reasons why the applicant believes reinstatement of license is then warranted and whether the applicant is no longer mentally incompetent. The application may be supported by any other written materials the applicant may choose to submit with the application. In all instances of application for reinstatement of license, the burden shall be upon the applicant to satisfy the Board by a preponderance of evidence that he is no longer mentally incompetent.

.0002 CONSIDERATION BY BOARD

(a) Upon receipt by the Executive Secretary of the Board of an application for reinstatement of license suspended pursuant to G.S. 90-14(a)(10), the application shall be scheduled for consideration by the Board as soon as reasonably possible at a regularly scheduled meeting of the Board, taking into account other matters also requiring the attention of the Board. The Board, in its discretion, may request or permit the applicant to appear before the Board on an informal basis in connection with the Board's consideration of the application.
(b) Upon consideration of an application for reinstatement of license, the Board, if satisfied that the applicant is no longer mentally incompetent, shall reinstate a license which has been suspended pursuant to G.S. 90-14(a)(10), unless the Board finds that cause exists for revocation of the license as provided in (c) of this Rule.

(c) If, at the time of consideration of an application for reinstatement, the Board or a committee of the Board should find that probable cause exists for revocation of the applicant's license under G.S. 90-14, the applicant shall be given notice of the same and a hearing pursuant to the provisions of G.S. 90-14.2 and the applicable provisions of Article 3A of the Administrative Procedure Act, G.S. 150B, which hearing may be consolidated with the hearing provided for in Rule .0003 of this Subchapter.

.0003 HEARING UPON DENIAL

Should the Board deny an application for reinstatement of a suspended license, the Board shall notify the applicant of its decision. Thereafter, if requested by the applicant, a formal hearing shall be held before the Board pursuant to the provisions of G.S. 90-14.2 and the applicable provisions of the Article 3A of the Administrative Procedure Act, G.S. 150B, to determine whether the applicant is no longer mentally incompetent.

SUBCHAPTER 32K—IMPAIRED PHYSICIAN PROGRAMS

SECTION .0100—GENERAL INFORMATION

.0101 DEFINITIONS

The following definitions apply to this subchapter:

(1) "Board" means the Board of Medical Examiners of the State of North Carolina.

(2) "Committee" means the North Carolina Medical Society's Physicians Health and Effectiveness Committee established to function as a supervisory and advisory body to the North Carolina Physicians Health and Effectiveness Program.

(3) "Impairment" means mental illness, chemical dependency, physical illness, and aging problems.

(4) "Medical Director" means the person employed by the Program to coordinate the activities of the Program.

(5) "Program" means the North Carolina Physicians Health and Effectiveness Program established for promoting a coordinated and effective peer review process.

.0102 AUTHORITY

G.S. 90-21.22, entitled "Peer Review Agreements," authorizes the Board to adopt rules allowing it to enter into agreements with the N.C. Medical Society and its local medical society components. The Board is further required to adopt rules with provisions concerning impaired physician programs. The Rules in this Subchapter are adopted by the Board pursuant to this authority.

.0103 PEER REVIEW AGREEMENTS

Peer review activities shall include: investigation; review and evaluation of records, reports, complaints, litigation and other information about the practices and practice patterns of physicians licensed by the Board. Peer review activities shall also include programs for impaired physicians. Peer review agreements may cover some or all of these activities, as deemed appropriate by the Board. The Board may enter into peer review agreements with the N.C. Medical Society or its local medical society components in conformance with these Rules.

.0104 DUE PROCESS

Any action taken pursuant to a peer review agreement must afford the subject physician all due process rights enumerated in G.S. 90-14.1 and all relevant due process rights contained in the Administrative Procedure Act, G.S. 150B.

SECTION .0200—GUIDELINES FOR PROGRAM ELEMENTS

.0201 RECEIPT AND USE OF INFORMATION OF SUSPECTED IMPAIRMENT

(a) Information concerning suspected impairments may be received by the Program through reports by physicians, family members and others, and through self-referral.
(b) The Board shall provide information as required under G.S. 90-14(b).
(c) Upon receipt of information of a suspected impairment, the Program shall initiate an investigation. The medical director of the Program shall be personally involved in investigations whenever possible.
(d) The Program may conduct routine inquiries regarding suspected impairments.
(e) Physicians suspected of impairment may be required to submit to personal interviews before the medical director of the Program, the Committee chairperson, a Committee member or the full Committee.

.0202 INTERVENTION AND REFERRAL

When, following an investigation, impairment is confirmed, an intervention is conducted using specialized techniques designed to assist the physician in acknowledging responsibility for dealing with the impairment. The physician is referred to an appropriate treatment source.

(1) Methods and objectives of interventions are decided on a case by case basis.
(2) Interventions are arranged and conducted as soon as possible. In cases referred by the Board, a representative of the Board may be present.
(3) Treatment sources are evaluated before receiving case referrals from the Program.
(4) Intervention outcomes, including treatment contracts that are elements of an intervention, are recorded by the Program.

.0203 MONITORING TREATMENT

A treatment source receiving referrals from the Program shall be monitored as to its ability to provide:

(1) adequate medical and non-medical staffing;
(2) appropriate treatment;
(3) affordable treatment;
(4) adequate facilities; and
(5) appropriate post-treatment support.

.0204 MONITORING REHABILITATION AND PERFORMANCE

(a) Monitoring requirements for each physician shall be designated by the Program. Physicians may be tested regularly or randomly, on Program demand.
(b) Treatment sources may be required to submit reports regarding a physician's rehabilitation and performance to the Program.
(c) Impaired physicians may be required to submit to periodic personal interviews before the Medical Director of the Program, the Committee chairperson, a Committee member, or the full Committee.
(d) Appropriate case records are maintained by the Program.

.0205 MONITORING POST-TREATMENT SUPPORT

Post-treatment support may include family counseling, locum tenens, advocacy and other services and Programs deemed appropriate to improve recoveries.

(1) Treatment sources' post-treatment support shall be monitored by the Program on an ongoing basis.
(2) The Program's post-treatment support will be monitored by the Medical Director of the Program and the Committee on an ongoing basis.

.0206 REPORTS OF INDIVIDUAL CASES TO THE BOARD

(a) Upon investigation and review of a physician licensed by the Board, the Program shall report immediately to the Board detailed information about any physician as required under G.S. 90-21.22(d).
(b) The Program shall quarterly submit a report to the Board on the status of all physicians then involved in the Program who have been previously reported by

the Board. The Program shall monthly submit to the Board a report on the status of any physician previously reported to the Board then in active treatment until such time as mutually agreed to by the Board and the Program.

.0207 PERIODIC REPORTING OF STATISTICAL INFORMATION

Statistical information concerning suspected impairments, impairments, self-referrals, post-treatment support and other significant demographic and substantive information collected through Program operations shall be included in comprehensive statistical reports compiled and annually reported to the Board by the Program.

.0208 CONFIDENTIALITY

Any nonpublic information acquired, created, or used in good faith by the Program shall be treated according to G.S. 90-21.22.

SUBCHAPTER 32L—APPROVAL OF PHYSICIAN ASSISTANTS

.0001 DEFINITIONS

The following definitions apply to this Subchapter:

(1) "Physician Assistant or PA" means an auxiliary, paramedical person who functions at the direction of or under the supervision of a physician licensed by the Board and who performs tasks traditionally performed by the physician, such as history taking, physical examination, diagnosis, and treatment.

(2) "Physician Assistant Applicant" means the individual upon whose behalf an application is submitted who may function before approval by the Board in the same manner in which he functioned as a student under strict supervision as outlined in Rule .0002 of this Subchapter.

(3) "Supervision" means the physician's function of overseeing, managing, and directing the medical acts performed by the PA as outlined in Rule .0009 of this Subchapter.

(4) "Primary Supervising Physician" means the physician who, by signing the application to the Board, accepts full medical administrative responsibility for the PA's medical activities and conduct at all times whether he personally is providing supervision or supervision is being provided by a Back-up Supervising Physician. The Primary Supervising Physician shall assume total responsibility to assure the Board that the PA is sufficiently qualified by education and training to perform all medical acts required of the PA and shall assume total responsibility for the PA's performance in the particular field or fields in which the PA is expected to perform medical acts.

(5) "Back-up Supervising Physician" means the physician who, by signing the application to the Board, accepts the responsibility to be available to supervise the PA's activities in the absence of the Primary Supervising Physician only in the practice sites listed in the application approved by the Board. The Back-up Supervising Physician is responsible for the activities of the PA only when he is providing supervision.

(6) "Formulary" means the document which lists generic categories of drugs to be prescribed, ordered, or dispensed by physician extenders under written standing orders from the supervising physician for patient care in approved practice sites.

.0002 PHYSICIAN ASSISTANT APPLICANT STATUS

The Physician Assistant Applicant status may be used only by an individual whose application for approval as a Physician Assistant has been received in the Board's office. The Physician Assistant Applicant status may not be used to "try out" a job or work temporarily in a job in which the individual does not intend to obtain Board approval. In the event the individual leaves the job in which he has worked as a Physician Assistant Applicant before Board approval is granted, the individual must submit a written explanation to the Board before he may work in the Physician Assistant Applicant status in another job.

(1) The Physician Assistant Applicant status applies to:

(a) an individual newly graduated from a PA training program; or

(b) an individual coming to North Carolina for the first time who has worked previously as a PA in another state;

(2) A Physician Assistant Applicant, described in (1) above, may function before approval by the Board under strict supervision with the following limitations:
   (a) wear identification as a "Physician Assistant Applicant;"
   (b) have no prescribing privileges;
   (c) have immediate physician countersigning of all notations in all patient charts in all practice locations;
   (d) have no remote practice sites. (The supervising physician must always be physically present in the practice site in which the applicant is working.)

(3) The Physician Assistant Applicant status does not apply to an individual previously approved as a PA in North Carolina in another practice situation which has terminated who is seeking approval in a new job. The previously approved PA may function prior to approval of the new job as follows:
   (a) wear identification as a "Physician Assistant;"
   (b) use prescribing number previously issued by the Board for prescribing privileges;
   (c) have physician countersigning of all notations in all patient charts in all practice locations within 24 hours of PA/patient contact.

.0003 REQUIREMENTS FOR PA APPROVAL

Before being approved by the Board, an applicant must:

(1) Be of good moral character.

(2) Give evidence that he has successfully completed a PA training program recognized by the Board as set forth in Rule .0006 of this Subchapter.

Initial approval may be denied for any of the reasons set forth in Rule .0007 of this Subchapter, as well as failure to satisfy the Board of the qualifications of the PA training program from which the applicant graduated as set forth in Rule .0006 of this Subchapter.

.0004 APPLICATION FOR PA APPROVAL

Application for approval of a PA must be made upon forms supplied by the Board and must be submitted jointly by the PA and supervising physicians with whom the PA will work.

Application forms submitted to the Board must be complete in every detail and every supporting document required must be submitted by the deadline set by the Board in order that the application may be considered appropriately.

If for any reason a PA discontinues working under the supervision of the primary physician who submitted the application under which the PA is approved, the Board shall be notified and the PA's approval shall automatically terminate until such time as a new application is approved by the Board.

The following applications for changes in the PA practice may be administratively approved by the Board's staff and reported to the Board at each meeting:

(1) routine job changes of a PA previously approved in N.C.;

(2) additional job under a new primary supervising physician;

(3) change of primary supervising physician when that is the only change taking place in a currently approved PA practice site;

(4) addition of back-up supervising physicians to a currently approved PA practice site;

(5) addition of practice sites under the supervision of the currently approved primary supervising physician;

(6) temporary approval for second site on relief basis not to exceed two months.

Administrative approval is not automatic for the applications listed above. The changes may be administratively approved at the discretion of the Board's staff. Changes cannot be processed administratively but must be considered by the Board as follows: if any of the background questions are answered "yes" by the PA or primary supervising physician; or if the PA or any of the supervising physicians listed have an investigative, complaint, or public file.

.0005 PRESCRIBING PRIVILEGES

The PA Applicant and the supervising physicians shall acknowledge in the application that they are familiar with laws and rules of the Board regarding prescribing; and shall agree to comply with these laws and rules by incorporating the laws and rules, including the Formulary, into their written standing orders.

The generic categories listed in the Formulary are based on the American Hospital Formulary Service published by the American Society of Hospital Pharmacists. The Formulary is adopted by reference by the Board as a part of this Rule in accordance with provisions of G.S. 150B-14(c).

The prescribing stipulations contained in these Rules and in the Formulary apply to writing prescriptions, ordering the administration of medications in out-patient and inpatient settings, and dispensing medications. Approval to dispense must be obtained from the Board of Pharmacy.

Prescribing stipulations are as follows:

(1) Controlled Substances
   (a) No controlled substances (Schedules 2, 2N, 3, 3N, 4, 5) defined by the State and Federal Controlled Substances Acts may be prescribed, ordered, or dispensed.
   (b) Verbal orders given to the PA by the supervising physician for administration of a controlled substance to a specific patient may be entered into the patient chart by the PA just as an RN may transcribe a physician's verbal order into a patient chart.

(2) Parenteral Medications - No parenteral preparations may be prescribed, ordered, dispensed, or administered unless under the order of the supervising physician as set forth in paragraph (3)(b) of this Rule; with the following exceptions:
   (a) Insulin
   (b) Immunizations (DPT, MMR, HIB)
   (c) Tetanus toxoid, DT, or hyperimmune serum
   (d) Epinephrine
   (e) Benadryl

(3) Excluded Drugs
   (a) Any pure form or combination of the generic classes of drugs listed in the Formulary may be prescribed, ordered, or dispensed, unless the drug or class of drug is listed as excluded from the Formulary.
   (b) Drugs excluded by the Formulary, except controlled substances, may be prescribed by the PA only upon specific written or verbal orders from the supervising physician for a specific patient given before the prescription or order is issued by the PA. Such a prescription or order must be signed by the PA with a notation that it is issued on the specific order of the supervising physician. For example: Mary Smith, PA, on order of John Doe, M.D.

(4) Refills - A prescription may not indicate a refill with the exception of birth control medications which may be issued for a period not to exceed one year.

(5) Dosage Units - Amount of drug prescribed, ordered, or dispensed can be no more than 100 dosage units or a one month supply with the exception of birth control medications which may be issued for a period not to exceed one year.

(6) Prescription Notations - Every prescription must be noted on the patient's chart. A second prescription for the same medication may be authorized by telephone by the PA and must be entered on the patient's chart and countersigned by the supervising physician within the specified countersigning time approved by the Board.

(7) Prescribing Number - A prescribing number is assigned by the Board to a PA upon approval by the Board. This number must appear on all prescriptions issued by the PA. The prescribing number is used as the PA's Approval Number.

(8) Prescription Blank Format - All prescriptions issued by a PA should contain the name and telephone number of the supervising physician; the name, practice address, telephone number, and prescribing number of the PA, as well as all information required by law. A suggested prescription format is included in the application packet.

(9) Pre-signed Prescription Blanks - The supervising physician shall not leave pre-signed prescription forms for use by the PA.

.0006 REQUIREMENTS FOR RECOGNITION OF PA TRAINING PROGRAMS

All PA training programs approved by the American Medical Association Council on Medical Education (AMA) are recognized by the Board.

(1) Application for recognition of a PA training program not approved by the AMA shall be made by letter and supporting documents from the director of the program and must demonstrate to the satisfaction of the Board that such program fulfills the following requirements:

(a) Sponsorship - The training program must be sponsored by a college or university with appropriate arrangements for the clinical training of its students, such as a hospital maintaining a teaching program. There must be evidence that the program has education as its primary orientation and objective.

(b) Director - The program must be under the supervision of a qualified director, who has at his disposal the resources of competent personnel adequately trained in the administration and operation of educational programs.

(c) Facilities - Adequate space, light and modern equipment must be provided for all teaching functions. A library, containing up-to-date textbooks, scientific periodicals, and reference material pertaining to clinical medicine, its underlying scientific disciplines, and its specialties, shall be readily accessible to students and faculty.

(d) Curriculum - The curriculum must provide adequate instruction in the basic sciences underlying medical practice to provide the trainee with an understanding of the nature of disease processes and symptoms, abnormal tests, and drug actions. This must be combined with instruction, observation, and participation in history taking, physical examination, and therapeutic procedures. This should be in sufficient depth to enable the graduate to integrate and organize historical and physical findings. The didactic instruction shall follow a planned and progressive outline and shall include an appropriate mixture of classroom lectures, textbook assignments, discussions, demonstrations, and similar activities. Instruction shall include practical instruction and clinical experience under qualified supervision sufficient to provide understanding of a skill in performing those clinical functions which the PA may be asked to perform. There must be sufficient evaluative procedures to assure adequate evidence of competence. Although the student may concentrate his effort and his interest in a particular specialty of medicine, the program must insure that he possesses a broad general understanding of medical practice and therapeutic techniques.

(e) Length of program - Although some variation may be possible for the individual student, dependent on aptitude, previous education and experience, the curriculum shall be designed to require two or more academic years for completion.

(f) Faculty - The program must have a faculty competent to teach the didactic and clinical material which comprises the curriculum. The faculty shall include at least one instructor who is a graduate of medicine, licensed to practice in the location of the school, whose training and experience enable him to properly supervise progress and teaching in clinical subjects. He shall be in attendance for sufficient time to insure proper exposure of the student to clinical teaching and practice. The program may utilize instructors other than physicians, but sufficient exposure to clinical medicine must be provided to insure understanding of the patient, his problem, and the diagnostic and therapeutic responses to his problem.

(g) Entrance Requirements - The program must, through appropriate entrance requirements, insure that candidates accepted for training possess:

(i) ability to use written and spoken language in effective communication with physicians, patients, and others;
(ii) quantification skills to insure proper calculation and interpretation of tests;
(iii) behavioral characteristics of honesty and dependability; and
(iv) high ethical and moral standards, in order to safeguard the interest of patients and others.

(2) To retain its recognition by the Board, a recognized program shall:
(a) make available to the Board the operating budget and yearly summaries of case loads and educational activities done by clinical affiliates, including volume of outpatient visits and number of inpatients;
(b) maintain a satisfactory record of the entrance qualifications of and evaluations of all work done by each student, which shall be available to the Board; and
(c) notify the Board in writing of any major changes in the curriculum or a change in the directorship of the program.

(3) Recognition of a program may be withdrawn when, in the opinion of the Board, the program fails to maintain the educational standards described above. When a program has not been in operation for a period of two consecutive years, recognition will automatically be withdrawn. Withdrawal of recognition from a program will in no way affect the status of a PA who graduated from the program while it was recognized and who has been approved by the Board.

.0007 TERMINATION OF PA APPROVAL

The approval of a PA may be terminated by the Board when, after due notice and hearing in accordance with provisions of Article 3A of G.S. 150B, it shall find:

(1) that the PA has held himself out or permitted another to represent him as a licensed physician;
(2) that the PA has engaged in the performance of medical acts other than at the direction of, or under the supervision of, a physician licensed by the Board who is approved by the Board to be a supervising physician;
(3) that the PA has performed a medical act for which the PA is not approved or for which the PA is not qualified by education and training to perform, including prescribing, ordering, or dispensing drugs not allowed by the Formulary;
(4) that the PA is impaired physically, mentally, or professionally as a result of using mind-altering chemicals;
(5) that the PA has been convicted in any court, of a felony or other criminal offense;
(6) that the PA is adjudicated mentally incompetent or that the PA's mental or physical condition renders the PA unable to safely function as a PA;
(7) that the PA has failed to comply with any of the provisions of this Subchapter.

.0008 METHOD OF IDENTIFICATION

The PA shall wear an appropriate name tag spelling out the words "Physician Assistant."

.0009 SUPERVISION OF A PA

Supervision shall be provided by the responsible physician as follows:

(1) Availability
(a) The supervising physician shall be available for direct communications by radio, telephone, or telecommunications.
(b) The supervising physician shall be available on a regularly scheduled basis for referrals of patients from the PA.
(c) A PA shall refer a patient to another health provider other than an approved supervising physician only on the order of an approved supervising physician.

(2) Written Standing Orders
   (a) The supervising physician shall provide in each practice location, for use by the PA and for referral by other personnel, written standing orders and drug protocols to cover most commonly encountered problems in the practice setting.
   (b) The written standing orders shall include a predetermined plan for emergency services.
(3) Countersigning
   (a) The time interval between the PA's contact with the patient and chart review and countersigning by the supervising physician shall be seventy-two (72) hours.
   (b) A longer countersigning time interval may be considered by the Board upon specific request. The request should explain the practice circumstances which necessitate the longer countersigning interval.
   (c) All entries by a PA into patient charts in all approved practice locations must be countersigned by the supervising physician. Entries include but are not limited to: progress notes; treatment rendered; tests or procedures ordered; and notations of prescriptions or orders, and drugs dispensed or administered.
(4) Supervision Arrangements
   (a) If the PA is to perform duties away from the supervising physician, the application must clearly specify the circumstances which would justify this action and the supervisory arrangements established to protect the patient.
   (b) Details must be submitted describing distance, time, topography, physical characteristics, and communication ability between the PA and the supervising physician.
(5) Supervising Physicians
   (a) A physician in a graduate medical education program, whether fully licensed or holding only a resident's training license, cannot be named as a supervising physician.
   (b) A physician in a graduate medical education program who is also practicing in a non-training situation may supervise physician assistants in the non-training situation if fully licensed.
   (c) All physicians who may supervise the PA in any manner must be approved by the Board before PA supervision occurs.
(6) The PA must be prepared to demonstrate upon request to a member of the Board, or its delegates, the ability to perform the medical acts assigned by the supervising physician.

.0010 ANNUAL REGISTRATION OF PA APPROVAL

Physician Assistants approved under these Rules shall register their approval annually with the Board by July 1 of each year on forms supplied by the Board and shall be accompanied by a registration fee of thirty-five dollars ($35.00).

In the event failure to register continues for a period of thirty (30) days, formal action may be taken against the approval of the PA by the Board after notice and hearing in accordance with G.S. 150B-38.

.0011 FEES

An application fee of one hundred and fifty dollars ($150.00) shall be paid at the time of the initial application for approval and each subsequent application for job change. An application fee of one hundred dollars ($100.00) shall be paid at the time of application for a change of primary supervising physician when that is the only change in the PA employment situation. The fee for annual registration, due July 1, is thirty-five dollars ($35.00). No portion of the above fees is refundable.

.0012 PA FORMS

The following documents regarding physician assistants may be obtained from the Board's office:

(1) Rules for Approval of Physician Assistants, Subchapter 32L;
(2) Formulary;
(3) North Carolina Laws Regarding Physician Assistants, G.S. 90-18(13) and 90-18.1;
(4) Application for PA Approval;
(5) Statement of Approval, upon being approved;
(6) Application for Annual Registration, mailed during June to all Physician Assistants approved by May 1;
(7) Certificate of Registration, upon registering.
